MSD OF MARTINSVILLE MISSION STATEMENT

Together we challenge and inspire our children through rich experiences, empowering them to achieve success while making positive contributions to our world.

SOUTH ELEMENTARY MISSION STATEMENT

Empowering students through communications and lifelong learning

REPORTING STUDENT PROGRESS

REPORT CARDS

Report cards are issued every nine weeks. Midterm reports will be posted to Skyward Family Access every 4 1/2 weeks, except in kindergarten. Report cards will contain both academic and conduct grades. Attendance will be recorded on the report card. Report card envelopes must be signed and returned to the teacher.

Midterm Dates

September 13, 2023

November 15, 2023

February 7, 2024

April 24, 2024

Report Card Dates

STUDENT SCHEDULE INFORMATION

Office Hours

8:00 a.m.- 4:00 p.m.

Arrival Times and Procedures

Doors open at 8:25 a.m.

School begins at 8:40 a.m.

WELL Wednesday Schedule:

Doors open at 10:25 a.m. and school begins at 10:40 a.m.

Dismissal Times and Procedures

3:40 p.m. Buses are loaded

3:45 p.m. Walkers dismissed & vehicles loaded

Lunch Schedule

Grade Level	Lunch
PreK	10:50-11:20
Kindergarten	11:00-11:30
Grade 1	11:30-12:00
Grade 2	12:00-12:30
Grade 3	12:30-1:00
Grade 4	1:00-1:30

Special Schedules and Releases

Special Schedules and Releases

Early Release Days: Due to weather - automatically cancels all school sponsored after school activities.

Late arrival/Early Release schedule: WELL Wednesday Schedule-Elementary students should arrive at 10:25 a.m., with a tardy bell at 10:40 a.m.

2 hour delay: Due to weather - Students will arrive at 9:10 a.m., and the tardy bell will ring at 9:25 a.m.

REAL Time Learning: If it is known IN ADVANCE that school will be closed for a day or multiple days, families will be notified in advance and students will learn from home. Real Time Learning involves lessons being presented live to students via Zoom. After the lesson, teachers will be available to help students through their work while also answering questions. There will be two sessions: a morning Zoom for reading and an afternoon Zoom for math and other subjects.

These days will count as a full day of learning with the State and do not need to be made up. The following schedule will be used during REAL Time Learning:

ELEMENTARY	
8:25-9:30	
Supported Student Work Time	
9:30-11:00	
ELA (READING) Class Meeting & Supported work time: ZOOM	
11:00-12:30	
LUNCH & Supported work time	
12:30-2:00	
MATH/SOCIAL STUDIES/SCIENCE Class Meeting & Supported work time: ZOOM	
2:00-3:30	
Supported Student Work Time	

State Assessment Testing Windows

WIDA ACCESS	January - February 2024
IREAD-3	March 2024
IAM	April - May 2024
ILEARN	April - May 2024

SAFETY & SECURITY

Visiting the School

For the safety and security of both staff and students, visitors will not be allowed during breakfast or lunch. Visitors are welcome for organized school events, scheduled conferences, field trips that require additional chaperones, class parties that require additional volunteers, or other principal approved activities. **ALL VISITORS MUST REPORT TO THE OFFICE TO CHECK IN AND OBTAIN A PASS BEFORE VISITING ANY PART OF THE SCHOOL.** Visitor name tags, provided at the office, are to be worn by all visitors in the building. As visitors leave the building, they must stop by the office and sign out. This is a required safety procedure.

1. Background checks must be completed **annually**.

2. Conferences should be arranged in advance, and at a time when the teacher does not have children in the classroom or is not on duty elsewhere.
3. From time to time, your child may bring home notes or newsletters from school. All of these are important to the student as well as to parents. Please be sure to read the newsletter carefully. Information can also be gathered from visiting the school website.

AIPHONES Security System

Any individual entering our school must enter through the main doors. There is a box mounted on the right brick wall near the front door of the main entrance. Please press the button and state your name and the nature of your business to gain entrance. Once inside, please follow the visitor procedure.

Safe Visitor

Schools use the Safe Visitor system. You will be required to bring your state issued ID with you to enter the school. Thank you for your understanding in our efforts to keep our students safe.

Tip Line

A tip line is now available for anyone to submit a safety concern. To submit a tip, activate the icon located on the upper right corner of any MSD of Martinsville web page. Submit a tip to help make your school safer!

Emergency Pick Up Procedures

Students who are picked up during a crisis situation **must be signed out.** Only those persons authorized on the emergency card/Skyward will be allowed to pick up your child and must have a state issued ID.

Drills

In case an emergency weather situation occurs while the children are at school, each teacher will provide proper instruction for each classroom. Emergency procedures are posted in each room. Practice drills are conducted regularly so that students will be familiar with procedures if needed. Each student is expected to follow instructions without delay or interference.

Fire Drill

Fire drills are necessary for the safety of the children, teachers, and school staff. Teachers will explain which exit to use from their rooms. Children are instructed to walk, NOT RUN, and go quietly to the area designated by the teacher.

Tornado

A tornado alarm will be sounded when an alert is in effect. A plan for taking shelter has been developed for our school. The teachers will direct children to the designated shelter areas.

ALICE

All MSD of Martinsville Schools use ALICE for student and staff safety regarding Violent Critical Incidents. ALICE is an acronym that stands for Alert, Lockdown, Inform, Counter, and Evacuate. Schools participate in monthly table top discussions and activities that align with student and staff ALICE training.

Severe Weather and Cancellation of School

When severe weather closes school before the day begins, local radio stations are the first to be contacted and serve as the best source of information. When possible, announcements are made before 6:30 a.m. and the Superintendent of Schools or designee may make a mass call to parents' primary phone numbers to inform parents of a school closing. Tune your radio to WCBK (102.3). Please do not call the school office for closing information.

The School Messenger phone system depends on phone numbers in the school's database to deliver phone messages to your home and/or cell phone. Current emergency information is critical for the school office and database. We need to be able to contact you in the case of an emergency, injury, or sickness. Should you move during the school year or your telephone number changes, it is essential that you notify the school office **immediately**.

Custody Orders/No Contact Orders

It is your responsibility as a parent or guardian to provide the school with any updated information concerning custody of your child. We must have the necessary information or changes signed by the judge. We will keep that information on file. We cannot use information that concerns custody of a child from an attorney or another party.

If a situation changes, we must receive in writing an agreement by both parties. We can accept that document unless it is in strict violation of the court order. Example: Father picks the child up on Mondays from school but needs to change it to Tuesday. We do not need a judge's signature for change as long as both parties have agreed to the change in writing. For example, if the mother says the father cannot have contact with the child and the court order designates joint custody, then we are obligated to follow the court order.

Both parents always have access to the child's teacher and any educational information unless the judge has stated otherwise. Our philosophy is to have both parents involved in their child's education. If a parent does not live nearby, the parent can provide the school with self-addressed stamped envelopes and we will mail the specific information the parent would like to receive.

Custody situations can become uncomfortable for children. Please help us avoid a situation for your child. Just remember to provide us with the most current documents and we will follow them. If parents make an agreeable change, please do not call in but provide a note signed by both parties. If you have given us a copy of your order, we still have it on file. A copy of a no contact order should also be on file in the school office.

Surveillance Cameras

Surveillance cameras are used on school buses and in and around school buildings. It is the desire of the Board of School Trustees to provide a safe and secure environment for students on buses and in our schools. To this end, the Board of School Trustees authorizes the use of audio-video systems on buses and in schools.

All tapes created as a result of such monitoring are the property of the MSD of Martinsville and access is restricted. Tapes will be maintained for a reasonable period of time and then may be recorded over. Tapes may be viewed only at prescribed locations and upon authority granted by the Superintendent. Information obtained as a result of such monitoring may be used to initiate and/or support disciplinary action and to improve safety.

COMMUNICATION

Communication is an essential part of the education program. It is important that the teacher and parent be in close contact throughout the year. This is accomplished through the use of agenda books, notes, e-mails, phone calls, and newsletters.

Anytime there is a question or concern do not hesitate to call the school office or teacher's voice mail and he/she will get back to you as soon as possible. The staff makes every effort to return messages within 24 hours. If you do not receive communication back from a staff member within 48 hours, please contact the school principal.

Family Access

Some questions and concerns may be handled through our Family Access Internet program, provided you have a computer with Internet capabilities. Parents must show their photo ID as proof of being the parent or guardian and complete a form to obtain a username and password. This permission form may be obtained at the MSD of Martinsville Administrative Office located at 389 E. Jackson in Martinsville.

Once you have a username and password, using your Internet browser, you will type in the MSD of Martinsville's web page. There is a link to Family Access. Once you have entered your username and password, you will be able to view your child's school information as it is contained in the corporation's database.

School Messenger/Skyward

Now more than ever, it is critical that educators have a direct line to families, students, and staff so that important information can be communicated quickly and reliably. Teachers, schools, and the school district can send timely voice messages to parents and/or guardians through an automated system called School Messenger. Messages are scheduled for delivery to alert parents and students to absences, events, emergencies and other important information. Again, the phone numbers called are from our school data system so it is critical that phone numbers are kept up to date in order to receive these timely messages.

Student Technology Acceptable Use Policy (A.U.P) and Safety

All students enrolled in MSD of Martinsville will be issued and permitted to use the technology resources of MSD of Martinsville once the Student Technology Acceptable Use Policy and Standards for Proper Care of the Chromebook/iPad is signed by a parent/guardian. The Student Technology Acceptable Use Policy and the safety and care guidelines are included at the end of the handbook.

Telephone Policy

Please do not ask your child to make a call or expect them to be able to use the phone. The office phone WILL NOT be used by students except in cases of emergencies, and

then only with permission of a staff member. The following DO NOT constitute an emergency:

1. Forgetting assignments
2. Forgetting books
3. Forgetting permission slips
4. Calls concerning after school activities, such as scouts and staying over with a friend

Cell Phones and electronic devices are to be turned off during school time and kept in backpacks, not in pockets or desks. If a student has an emergency he/she will be allowed to go to the office for permission to make a call.

Dismissal Procedure

Please send a note to your child's teacher if a parent or guardian changes the way their child is to leave school. Do not leave a message for a teacher or the office for a dismissal change in case the message does not get checked in time for dismissal. All dismissal changes should be completed by 3:00 p.m. All students will go home as normal unless the school staff is notified by a parent.

SPECIAL SERVICES

If a student is having difficulty with schoolwork, being socially inappropriate, or has a disability, a Rtl (Response to Instruction) conference may be convened. This conference may be requested by a parent or staff member and includes staff, parents, and support personnel. There may be occasions when the Rtl team recommends testing to determine possible learning disabilities. If warranted, our Resource Teacher and/or Speech and Language Teacher is assigned to support the student.

Resource Teacher

The Metropolitan School District of Martinsville provides a teacher to support the educational requirements of students who have been identified as having special needs. These students are assigned to regular classrooms and participate actively in the life of the school. The Resource Teacher will meet each student's needs as determined by the student's individual education program. Parent consent is required for testing and participation.

Speech and Hearing/Language Development

A licensed Speech and Hearing Therapist checks students for hearing and speech concerns. Speech classes conducted during the school day address articulation,

delayed language, voice, stuttering, and hearing loss. Parent consent is required for testing and participation.

School Psychologist

A licensed school psychologist is assigned to the building to provide psychological evaluations of the children who are referred because of possible learning and behavioral disabilities. This testing is done only with the consent of the parents or guardians. MSD of Martinsville Schools include School Psychologists on their building level problem solving teams. School psychologists serve students by providing collaborative feedback to teaching teams, designing behavior plans, assisting teachers and students with interventions (social/emotional and academic), and facilitating small groups. A school psychologist working as a member of the problem solving team may meet with a student individually to assist the student with social/emotional, academic, or behavioral challenges. Should a student need to meet with a school psychologist for more intensive interventions, written parent permission will be obtained.

Family Services Coordinator/Elementary Counselor

The Family Services Coordinator acts as a liaison between the home and the school in whatever capacity is needed to insure a child's maximum school success. This includes:

1. Home visits
2. Parent workshops
3. Help with school
4. Help with behavior problems
5. Referrals to community resources

Title I (Centerton and Green Township Non-Title I Schools)

Title I provides extra help and instruction to K-4 students to strengthen reading and math skills. Title I placement is determined by test scores and classroom progress. The Title I lessons coordinate with the classroom curriculum. Students are referred for placement based on Standardized Testing as well as teacher input.

Enrichment for High Ability and High Achievement

The Metropolitan School District of Martinsville Enrichment Program is geared at providing special curricular challenges and activities for the high ability and high achieving students at all of the district's elementary schools. Students are identified by using state mandated, standardized assessments. All students are provided individualized instruction to meet their specific needs.

YMCA Before and After School Child Care

The YMCA offers child care for all elementary school students before and after school. Please contact the YMCA if you are interested in enrolling your child at 765-342-6688.

STUDENT WELLNESS & ATTENDANCE

Reporting Your Child's Absence

1. Call the school office as soon as possible in the morning on the day of your child's absence. If you do not call the school by 9:30 a.m. and report the absence, the School Messenger service, someone from the school, or the attendance officer may be calling your home.
2. If you find that your child is still ill the next day, another phone call from you to the school is necessary. At this time, arrangements may be made to send home make up work for your child so that he/she does not fall behind in the classroom. Schoolwork will be sent with a sibling, neighbor, or you may pick the work up at the end of the day.
3. Upon returning from home to school, a note should be sent to the teacher explaining the absence. A doctor visit should be documented with a statement from the doctor so that it can be entered in the school data system.
4. If a child is sent home with a fever of 100 degrees or over, he/she is not to return to school until fever free for 24 hours without fever medication.

Guidelines for Absences and Tardies

Reporting Your Child's Appointment or Absence Ahead of Time

1. Call the school office or send a note on the day before or the day of the appointment. This helps teachers plan for tests, homework, etc. The note should contain the date, the time, and the reason for the appointment/absence.
2. If your child has a slip from the dentist/doctor's office, please have your child drop it off at the office when your child returns to school.
3. We ask that you not keep a child out of school for the entire day for a doctor or dental appointment.
4. Please keep these appointments to a minimum. The best time to schedule appointments is toward the end of the day.

Tardies

1. Call the school as soon as possible, informing us that your child is going to be late.

2. Bring your child in as soon as possible, as teachers start their lessons as early as 8:40 a.m.
3. Sign your child in at the office, with an explanation for the tardy.

****A number of unexcused or questionable absences and tardies for any child are reported to our district attendance officer. Daily records are kept on all students and weekly reports are made.**

Guidelines for Absences and Tardies

Morning Attendance

Student attendance hours are 8:40 a.m. to 3:40 p.m. If a student arrives after 8:40 a.m., leaves early, or is signed out for a portion of the instructional day that is less than 1/2 day, a tardy will be marked. If a student arrives at 12:10 p.m. or leaves at 12:10 p.m., the student will be marked with a 1/2 day absence.

Afternoon Attendance

Student attendance hours are 8:40 a.m. to 3:40 p.m. If a student arrives after 12:10 p.m., the student will be marked as a 1/2 day absence and an afternoon tardy. If a student arrives at 12:10 p.m. or leaves at 12:10 p.m., the student will be marked with a 1/2 day absence. If a student leaves early (12:10 p.m.-3:40 p.m.), or is signed out for a portion of the instructional day that is less than 1/2 day, a tardy will be marked.

Attendance Letters

Attendance letters are generated and sent home at **6 days absence and 10 days absence**. These letters are sent out regardless of whether the absences are excused or unexcused. The letters are based upon the number of absences for the student.

Guidelines for Duty to Report Regarding Attendance (IDOE)

Under IC 20-33-2-25, the "Superintendent or an attendance officer having jurisdiction shall report a child who is habitually absent from school in violation of this chapter to an intake officer of the juvenile court or the department of child services. The intake officer or the department of child services shall proceed in accord with IC 31-30- through IC 31-40."

Everyone should report abuse or neglect. The reporting and investigating of suspected child abuse and neglect are not discretionary matters. They have been required by law (IC 31-33-5-1) since 1979.

Do Report When...

- Students have reached ten (10) or more unexcused absences.
- Educational neglect is suspected
- Students are missing and unaccounted for

Opportunities to Work With the Student and Family...

- Lack of homework completion
- Skipping individual classes in a virtual setting
- Internet issues when the family has been in communication with the school

Age of Attendance

Children who are five (5) years of age on or before October 1 are eligible for kindergarten. Children who are six (6) years of age on or before September 1 are eligible for first grade. Once enrolled, students are responsible for all compulsory attendance laws of the State of Indiana.

Bus Regulations

Students are assigned to ride school buses that will pick them up and drop them off in close proximity to their homes. Buses will not cross transportation zones. Students are not allowed to ride a bus other than their assigned bus unless a written request is received from the parent or guardian stating their permission to do so. The bus driver has guidelines and will review them with children. No live animals or glass containers are allowed on the bus. If a student is not following the bus guidelines, the student will receive a bus referral that could result in a warning, discipline consequence, or suspension/removal from the bus.

Head Lice Policy

It is the policy of the MSD of Martinsville Board of School Trustees that if a case of head lice is reported and found, that person will be excluded from school for treatment. That child's siblings and classmates will also be checked. If other persons are found to have lice, they will also be excluded from school for treatment and their siblings and classmates checked.

Full school screening will be conducted as felt necessary by the principal and school nurse. Spot screening will also be conducted as necessary.

Excluded students will be admitted after evidence of treatment. This evidence includes clean hair and scalp and removal of all live lice.

Bed Bug Policy

It is the policy of the MSD of Martinsville Board of School Trustees that if a bed bug is found on a student's clothing or other belongings, the child's parent or guardian should be notified. The student will not be sent home. However, the child will be offered a fresh change of clothes, shoes, and backpack on a daily basis until the problem is

resolved. The infested clothing, shoes, and backpack should be heat treated in the school's dryer and rotated to the student daily. The school health professional should manage the case including re-inspecting belongings, desk, classroom, etc. until the problem is resolved.

Immunizations

It is mandatory that your child has an adequate certification of immunizations on file in the school office. Please keep your child's immunization record up-to-date. Failure to do so may lead to suspension or expulsion from school.

Insurance

At the beginning of each school year an application for low-cost medical insurance will be provided for your student. The school does not carry medical insurance on the students. Hopefully, nothing will happen to your child that requires medical expenses, but we cannot guarantee this. If you do not have a family plan that covers medical expenses for your child, you may wish to consider this low-cost insurance or check with our Family Service Coordinator to see if you qualify for Hoosier Healthwise insurance, provided by the state.

Meningococcal Disease

Meningococcal disease is a dangerous disease that can strike children and youth. The disease can progress rapidly and within hours of the first symptoms, may result in death or permanent disability including loss of hearing, brain damage, and limb amputations. Symptoms of meningococcal disease often resemble the flu and can include a fever, headache, nausea, and stiff neck, making the disease difficult to diagnose. The bacteria that cause meningococcal disease are transmitted through air droplets and by direct contact with an infected person. Fortunately, there is an immunization available and the U.S. Center for Disease Control and Prevention recommends routine meningococcal immunizations at 11 to 12 years old. For teenagers, immunization is recommended at high school entry and incoming college freshman. Please talk with your child's healthcare provider about meningococcal disease and vaccination.

Medication

All medications must be brought to the clinic as soon as the child arrives at school. All medications must be in the original unopened container clearly identifying the medication and dosage instructions. All prescription medicine must be accompanied by a physician's prescription, a copy of the original prescription, or the pharmacy label. A

note dated and signed by the parent, giving the child's name, dosage amounts, specific dosage times and other necessary information must accompany all medications. If the medication is to be terminated prior to the date on the prescription, the written and dated consent or withdrawal of consent of the parent is required. With written parental permission students may bring medication home. Students with chronic diseases or medical conditions that may require emergency administration of medication (epipens, inhalers) may have medications with them after meeting the following conditions:

1. The student's parent has filed an authorization with the student's school nurse/clinic aide for the student to possess and self administer the medication.
2. A physician states in writing that:
 - a. The student has an acute or chronic disease or medical condition for which the physician has prescribed the medication,
 - b. The student has been instructed on how to properly use the medication, and
 - c. The nature of the disease or medical condition requires emergency administration of the medication.

The authorization and statement described above must be filed each year with the student's school nurse/clinic aide.

ELEMENTARY POLICIES AND PROCEDURES

Physical Education

Students must have proper footwear to participate in P.E. Students may wear their tennis shoes to school or bring them to school and change when they go to P.E. (socks must be worn). Platform and sandal type tennis shoes, dress shoes, baggy pants, and dresses are not appropriate items to wear for P.E. If, for any reason, it is necessary to restrict your child's participation in the P.E. program, you must send a written explanation to school stating the specific health problem. This will enable the P.E. teacher to adapt activities to fit your child's needs and capabilities. If the health problem lasts more than one P.E day, a physician's statement is required.

Dress to Learn

It is the responsibility of the students to maintain a healthy and respectful-looking appearance while attending school and school activities. Specific regulations of the dress policy:

1. Clothing and/or accessories which are indecent or displaying/infering offensive or lewd words, sayings, and/or pictures is considered a violation. Clothing and/or accessories may not display any forms or references to alcohol, tobacco products, and/or illegal substances.

2. Halter tops, net shirts, tank tops with spaghetti straps and midriff tops are not permissible.
3. Shorts must be fingertip length.
4. Shoes should be appropriate for safety and comfort. Flip flops and shoes with wheels are not permitted at any time. Students must wear tennis shoes to Physical Education. High heels and sandals without backs are not permitted.
5. Hats and sunglasses are not to be worn in the school building except on designated days.
6. The wearing or displaying of any gang related article of dress or adornment is not allowed at school or any school activity.
7. Any attire that disrupts the educational process or puts a student at risk, such as clothing that does not fit appropriately, or leaves underwear exposed, is not permitted.

The dress code is subject to change to include but not limited to adding guidelines for PPE (Personal Protective Equipment). These guidelines would be developed and communicated following guidance from the CDC, health department, State of Indiana, and the IDOE.

Valuables

Students should not bring valuables or large sums of money to school. No toys, trading cards, or electronic devices should be brought to school unless specified by the teacher for a class assignment or project. When students bring items to school that are dangerous or disruptive they may be confiscated. Confiscated items will be disposed of after thirty days. It is the responsibility of the parent/guardian to claim the confiscated items.

Birthday Parties and Treats

We enjoy celebrating birthdays at school. If you wish to celebrate your child's birthday at school, please contact your child's teacher and schedule a time. Birthday treats must be commercially prepared. The school prefers that you do not send in drinks. Party invitations should not be distributed at school unless all students in the class receive an invitation. The school is not permitted to disclose other student's addresses or phone numbers. **Balloons and flowers cannot be delivered to the schools.**

K-4 Homework Policy

The responsibility of the school district to educate the student is carried out by the teachers through effective classroom instruction and the careful delegation of independent study. It is important for the student to practice and reinforce the concepts related to the subject area in school. In an effort to promote consistency in homework practices and time expectations at the K-4 grade levels across the MSD of Martinsville, the following recommendations for homework are:

- Grade K: generally about 15 minutes of homework practice an evening, this typically includes 10 minutes of reading daily (student reading, or parent reading to student) and 5 minutes of word or fact practice.
- Grade 1: generally about 20 minutes of homework practice an evening, this typically includes 15 minutes of independent reading daily (student reading, or parent reading to student) and 5 minutes of word or fact practice.
- Grade 2: generally about 25 minutes of homework practice an evening, this typically includes 15 minutes of independent reading daily and 10 minutes of word or fact practice.
- Grade 3: generally about 30 minutes of homework practice an evening, this typically includes 20 minutes of independent reading daily and 10 minutes of word or fact practice.
- Grade 4: generally about 35 minutes of homework practice an evening, this typically includes 25 minutes of independent reading daily and 10 minutes of word or fact practice.

*Homework will not be graded

Ideas For Helping Your Child

Parents can do their part to improve homework when they:

1. Cooperate with the school to make homework effective.
2. Provide your children with suitable study conditions (desk or table, lights, books and supplies).
3. Reserve a time for homework and turn off the television.
4. Encourage your children but avoid undue pressure.
5. Show interest in what your children are doing but do not do the work for them.
6. Understand the school expects homework to be completed and returned.

Children will improve their study habits by observing the following:

1. Be sure you understand each assignment.
2. Form the habit of using a certain time and place for study.
3. Provide study conditions including good lighting, ventilation, and little noise.

4. Have necessary materials at hand.
5. Try to develop the skill of working independently.
6. Spend enough, but not too much time on each subject.

Promotion and Retention

Recommendation for promotion and retention of the student is the responsibility of the classroom teacher and the building principal. Communication about the student's progress should be communicated to the parents throughout the year. All retentions must be approved by the building principal.

Activities

If your child is to participate in after school activities, and will not walk home or go on the bus as usual, please send a note to the teacher. The note should include where your child is going after school, so that your child knows what he/she is expected to do. If your child rides a bus, a note must be sent to the bus driver stating your child's expected plans. If the teacher does not receive a written note giving permission for a change of plans, your child will be sent home on the bus or walk as usual.

Field trips are designed to support the curriculum. Each child must have a signed permission slip from his/her parent or guardian. Children are expected to follow general rules as outlined by the teacher. Inappropriate behavior can result in exclusion from field trips.

Citizenship

It is each student's responsibility to display qualities of good citizenship. Your best conduct is expected in the halls, in the cafeteria, on the playground, in the classroom, or outside school grounds. The M.S.D. of Martinsville Schools want students to become good citizens. Staff members will give special emphasis to honesty, morality, and courtesy. Obedience to law, respect of our country's flag, appreciation of the constitution of the United States, respect for parents and home, and recognition of the dignity and necessity of honest labor are characteristics desired and expected of all students. The United States flag shall be displayed in each classroom of every school in the district. Students will recite the pledge and there will be a moment of silence in each classroom each day.

Curriculum

The MSD of Martinsville Elementary Schools' curriculum focuses on Indiana State Standards and benchmark and grade level expectations. It is clearly defined what every student should know and should be able to do. The teachers incorporate different strategies and learning styles to enable our students to meet the minimum state

standards. We go beyond the state requirements. Our goal is to produce bright, high-achieving students whose self-esteem and confidence are built upon authentic academic success. Our goal as a staff is for every student to reach and exceed their potential. It is the responsibility of the student to take advantage of the learning opportunities provided to them. The extent to which our students succeed is directly related to the extent of their parent's support. The parent's active participation in the education of the child is welcomed and strongly encouraged.

MSD of Martinsville Curriculum Statement:

"A student shall not be required to participate in a personal analysis, an evaluation, or a survey that is not directly related to academic instruction and that reveals or attempts to affect the student's attitudes, habits, traits, opinions, beliefs, or feelings concerning:

- (1) political affiliations;
- (2) religious beliefs or practices;
- (3) mental or psychological conditions that may embarrass the student or the student's family;
- (4) sexual behavior or attitudes;
- (5) illegal, antisocial, self-incriminating, or demeaning behavior;
- (6) critical appraisals of other individuals with whom the student has a close family relationship;
- (7) legally recognized privileged or confidential relationships, including a relationship with a lawyer, minister, or physician; or..."

Reference: Indiana Code 20-30-5-17(b)

Discipline

Some behavior is more serious than other behavior and requires a different approach. Severe discipline concerns such as those listed below will be handled on an individual basis.

- Repeated disruption of instruction

- Fighting
- Stealing
- Repeated disrespect for others and/or property
- Profanity
- Threatening comments or behavior
- Bullying
- Drugs

Bullying is not permitted. Bullying is defined as “overt, repeated acts or gestures, including verbal or written communications transmitted; physical act committed; or any other behaviors committed by a student or group of students against another student with the intent to harass, ridicule, humiliate, intimidate or harm the other student.”

When students choose an inappropriate behavior we will remind them of the rules and discuss why their behavior is inappropriate. If the inappropriate behavior continues we may ask the student to complete a behavior plan.

Discipline procedures that may be used to improve discipline problems include but are not limited to:

- Parent involvement
- Withdrawing privileges
- Detention
- Behavior contracts
- Activity restriction
- Removal from Class
- In-school suspension
- Out-of-school suspension
- Expulsion

Zero Tolerance

The Metropolitan School District of Martinsville has a Zero Tolerance Policy concerning students bringing weapons of any kind to school. Weapons would include guns, knives, or other instruments used to inflict harm. Any student possessing a weapon may face the consequences of being excluded from school for the remainder of the school year.

Sexual and Racial Harassment Policy

The MSD of Martinsville has adopted a sexual harassment policy and a racial harassment policy. It is the policy of the M.S.D. of Martinsville Schools to maintain a

learning and working environment that is free from sexual harassment. It shall be a violation of this policy for any employee of M.S.D. of Martinsville to harass any student, teacher, other school employee or visitor through conduct or communication of a sexual nature. It shall also be a violation of this policy for a student to harass any student, teacher, other school employee or visitor through conduct or communication of a sexual nature. The use of the term “employee” also includes non-employees and volunteers who work subject to the control of school authorities. A complete copy of the sexual harassment and racial harassment policies are located in each school office.

FOOD SERVICE & NUTRITION

We are proud to have a self-operated school kitchen in all of our elementary schools that offer breakfast and lunch as part of the USDA National School Lunch Program. All students reporting at our normal start time will have the opportunity to participate in free breakfast. Students will be assigned a lunchroom time where they will have the option to purchase lunch from our school kitchen or carry lunch in from home. Our current meal prices are as follows:

	Breakfast	Lunch
All Elementary Schools	Paid – No Charge Reduced – No Charge	Paid – \$2.75 Reduced – No Charge
A la Carte items including milk, chips and whole grain cookies - \$.65 each		

Each student will be assigned an individual PIN or use a lunch ID card to access their meal account when they proceed through the line. Parents are encouraged to deposit funds in their student’s individual meal account in advance. These funds can be sent to school in an envelope with the student’s name and the amount of the deposit written on the outside of the envelope. In addition, payment can be made using Skyward Family Access. Funds are kept in individual meal accounts for each student and only accessible by the student they are deposited for. Also, all payments and purchases can be monitored by logging on to Skyward Family Access. Parents will be notified when the account becomes low via School Messenger.

We understand that unforeseen circumstances may cause an account to go temporarily in the “red.” Should this occur, the district policy 8500 will be followed. Students will not be allowed to charge ala carte items including milk. Our full Pre-Paid Meal Account Procedure/Charge Policy can be found at www.artiescafe.org or by contacting the Food Service Office.

If you feel your **family will qualify for free/reduced priced meal benefits** you are **encouraged to complete a meal/textbook assistance** form. Meal/Textbook Assistance forms can be completed in Skyward Family Access or paper forms are available throughout the school year in the office. Should you have any questions regarding your application, or your meal account, you may reach the Food Service Department at [765-349-4452](tel:765-349-4452).

Menus are available on the Food Service website at artiescafe.org at the beginning of each month. Students may bring their lunch but we discourage “fast food” and soda. In order to provide a safe learning environment, we do not allow visitors and guests to eat lunch with their child.

TECHNOLOGY

The 2023-2024 pricing structure for all repairs and replacements is located on the District's website.

*All unpaid device breakage fees will be sent to collections and a \$5.00 charge will be added for processing.

STUDENT TECHNOLOGY ACCEPTABLE USE AND SAFETY (A.U.P.)

Technology has fundamentally altered the ways in which information is accessed, communicated, and transferred in society. As a result, educators are continually adapting their means and methods of instruction, and the way they approach student learning, to incorporate the vast, diverse, and unique resources available through the Internet. The School Board provides Technology Resources (as defined in Bylaw 0100) to support the educational and professional needs of its students and staff. With respect to students, District Technology Resources afford them the opportunity to acquire the skills and knowledge to learn effectively and live productively in a digital world. The Board provides students with access to the Internet for limited educational purposes only and utilizes online educational services/apps to enhance the instruction delivered to its students. The District's computer network and Internet system do not serve as a public access service or a public forum, and the Board imposes reasonable restrictions on its use consistent with its limited educational purpose.

The Board regulates the use of District Technology Resources by principles consistent with applicable local, State, and Federal laws, the District's educational mission, and articulated expectations of student conduct as delineated in the Student Code of Conduct. This policy, its related administrative guidelines, and the Student Code of Conduct govern students' use of District Technology Resources and students' personal communication devices when they are connected to the District computer network, Internet connection, and/or online educational services/apps, or when used while the student is on District-owned property or at a District-sponsored activity. (see Policy 5 136)

Users are prohibited from engaging in actions that are illegal (such as libel, slander, vandalism, harassment, theft, plagiarism, inappropriate access, and the like) or unkind (such as personal attacks, invasion of privacy, injurious comment, and the like) when using District Technology Resources. Because its Technology Resources are not unlimited, the Board also has instituted restrictions aimed at preserving these resources, such as placing limits on use of bandwidth, storage space, and printers.

Users have no right or expectation to privacy when using District Technology Resources (including, but not limited to, privacy in the content of their personal files, e-mails, and records of their online activity when using the District 's computer network and/or Internet connection).

First, the District may not be able to limit access technologically, through its Technology Resources, to only those services and resources that have been authorized for the purpose of instruction, study and research related to the curriculum. Unlike in the past, when educators and community members had the opportunity to review and screen materials to assess their appropriateness for supporting and enriching the curriculum according to adopted guidelines and reasonable selection criteria (taking into account the varied instructional needs, learning styles, abilities, and developmental levels of the students who would be exposed to them), access to the Internet, because it serves as a gateway to any publicly available file server in the world, opens classrooms and students to electronic information resources that may not have been screened by educators for use by students of various ages.

Pursuant to Federal law, the Board has implemented technology protection measures that protect against (e.g., filter or block) access to visual displays/depictions/materials that are obscene, constitute child pornography, and/or are harmful to minors, as defined by the Children's Internet Protection Act. At the discretion of the Board or the Superintendent, the technology protection measures may be configured to protect against access to other material considered inappropriate for students to access. The Board also utilizes software and/or hardware to monitor online activity of students to restrict access to child pornography and other material that is obscene, objectionable, inappropriate and/or harmful to minors. The technology protection measures may not be disabled at any time that students may be using the District Technology

Disabling such resources will cease to protect against access to materials that are prohibited under the Children's Internet Protection Act. Any student who attempts to disable the technology protection measures will be subject to discipline.

The Superintendent or the Technology Department Leadership Team may temporarily or permanently unblock access to websites or online education services/apps containing appropriate material, if access to such sites has been blocked inappropriately by the technology protection measures. The determination of whether material is appropriate or inappropriate shall be based on the content of the material and the intended use of the material, not on the protection actions of the technology protection measures.

Pursuant to Federal law, students shall receive education about the following:

- Safety and security while using e-mail, chat rooms, social media, and other forms of direct electronic communications
- The dangers inherent with the online disclosure of personally identifiable information regarding minors
- The consequences of unauthorized access (e.g., "hacking", "harvesting", "digital piracy", "data mining", etc.), cyberbullying, and other unlawful or inappropriate activities by students online
- Unauthorized disclosure, use, and dissemination of personally identifiable information regarding minors

Staff members shall provide instruction for their students regarding the appropriate use of technology and online safety and security as specified above. Furthermore, staff members will monitor the online activities of students while at school.

Monitoring may include, but is not necessarily limited to, visual observations of online activities during class sessions or use of specific monitoring tools to review browser history and network, server, and computer logs.

Building principals are responsible for providing training so that Ed-Tech users under their supervision are knowledgeable about this policy and its accompanying guidelines. The Board expects that staff members will provide guidance and instruction to students in the appropriate use of District Technology Resources. Such training shall include, but not be limited to, education concerning appropriate online behavior, including interacting with other individuals on social media and in chat rooms, and cyberbullying awareness and response. Users of District Technology Resources (and their parents if they are minors) are required to sign a written agreement to abide by the terms and conditions of this policy and its accompanying guidelines.

1. Students will be assigned a school email account that they are required to utilize for all school-related electronic communications, including those to staff members, peers, and individuals and/or organizations outside the District with whom they are communicating for school-related projects and assignments.
2. Further, as directed and authorized by their teachers, they shall use their school-assigned email account when signing up/registering for access to various online

educational services, including mobile applications/apps that will be utilized by the student for educational purposes.

Students are responsible for good behavior when using District Technology Resources- i.e. behavior comparable to that expected of students when they are in classrooms, in school hallways, on other school premises and at school sponsored events.

Communications on Education Technology are often public in nature. General school rules for behavior and communication apply. The District does not approve any use of its Technology Resources that is not authorized by or conducted strictly in compliance with this policy and its accompanying guidelines.

Users who disregard this policy and its accompanying guidelines may have their use privileges suspended or revoked, and disciplinary action taken against them. Users are personally responsible and liable both civilly and criminally, for uses of Technology Resources that are not authorized by this Policy and its accompanying guidelines.

The Board designates the Superintendent and the Technology Department Leadership Team as the administrator(s) responsible for initiating, implementing, and enforcing this Policy and its accompanying guidelines as they apply to students' use of District Technology Resources.

Students are encouraged to use the District's INTERNET/NETWORK for educational purposes. Use of such resources is a privilege, not a right. Students must conduct themselves in a responsible, efficient, ethical, and legal manner. Unauthorized or inappropriate use, including any violation of these guidelines, may result in cancellation of the privilege, disciplinary action consistent with the Student Handbook, and/or civil or criminal liability. Prior to accessing the Internet at school, students must sign the Student Network and Internet Acceptable Use and Safety Agreement. Parent permission is required for minors. Smooth operation of the District's Network relies upon users adhering to the following guidelines.

The guidelines outlined below are provided so that users are aware of their responsibilities.

A. Students are responsible for their behavior and communication on the Internet.

B. Students may only access the Internet by using an assigned account. Use of another person's account/address/password is prohibited. Students may not allow other users to utilize their passwords.

- C. Students may not intentionally seek information on, obtain copies of, or modify files, data or passwords belonging to other users, or misrepresent other users on the network.
- D. Students may not use the Internet to engage in "hacking" or other unlawful activities.
- E. Transmission of any material in violation of any State or Federal law or regulation or Board policy is prohibited.
- F. Any use of the Internet for commercial purposes, advertising, or political lobbying is prohibited.

Students are expected to abide by the following generally accepted rules of network etiquette:

- A. Be polite, courteous, and respectful in your messages to others. Use language appropriate to school situations in any communications made through the District's computers/network. Do not use obscene, profane, vulgar, sexually explicit, defamatory, or abusive language in your messages.
- B. Never reveal names, addresses, phone numbers, or passwords of yourself or other students, family members, teachers, administrators, or other staff members while communicating on the Internet.
- C. Do not transmit pictures or other information that could be used to establish your identity without prior approval of a teacher.
- D. Never agree to get together with someone you "meet" online without prior parent approval.
- E. Diligently delete old mail on a regular basis from the personal mail directory to avoid excessive use of the electronic mail disk space.
- F. Use of the Internet to access, process, distribute, display or print child pornography and other material that is obscene, objectionable, inappropriate and/or harmful to minors is prohibited. As such, the following material is prohibited material that appeals to a prurient interest in nudity, sex, and excretion; material that depicts, describes or represents in a patently offensive way with respect to what is suitable for minors an actual or simulated sexual act or sexual contact, actual or simulated normal or perverted sexual acts, or a lewd exhibition of the genitals; and material that lacks serious literary, artistic, political, or scientific value as to minors. Offensive messages and pictures, inappropriate text files, or files dangerous to the integrity of the District's computers/network (e.g. viruses) are also prohibited.

G. Malicious use of the District's computers/network to develop programs that harass other users or infiltrate a computer or computer system and/or damage the software components of a computer or computing system is prohibited. Students may not use the District's computers/network in such a way that would disrupt their use by others. Students must avoid intentionally wasting limited resources.

H. All communications and information accessible via the Internet should be assumed to be private property (i.e. copyrighted and/or trademarked). All copyright issues regarding software, information, and attributions of authorship must be respected.

I. Downloading of information onto the District's hard drives is prohibited. If a student transfers files from information services and electronic bulletin board services, the student must check the file with a virus-detection program before opening the file for use. If a student transfers a file or software program that infects the Network with a virus and causes damage, the student will be liable for any and all repair costs to make the Network once again fully operational.

J. Students must secure prior approval from a teacher or the principal before joining a Listserv (electronic mailing lists) and should not post personal messages on bulletin boards or "Listservs."

K. Students are prohibited from accessing or participating in online "chat rooms" or other forms of direct electronic communication without prior approval from a teacher or the principal. All such authorized communications must comply with these guidelines.

L. Privacy in communication over the Internet and the Network is not guaranteed. To ensure compliance with these guidelines, the District reserves the right to monitor, review, and inspect any directories, files and/or messages residing on or sent using the District's computers/network. Messages relating to or in support of illegal activities will be reported to the appropriate authorities.

M. Use of the Internet and any information procured from the Internet is at the student's own risk. The District is not responsible for any damage a user suffers, including loss of data resulting from delays, non-deliveries, mis-deliveries, or service interruptions. The District is not responsible for the accuracy or quality of information obtained through its services. Information (including text, graphics, audio, video, etc.) from Internet sources used in student papers, reports, and projects should be cited the same as references to printed materials.

N. Disclosure, use, and/or dissemination of personal identification information of minors via the Internet is prohibited, except as expressly authorized by the minor student's

parent/guardian on the "Student Network and Internet Acceptable Use and Safety Agreement Form."

O. Proprietary rights in the design of web sites hosted on the District's servers remains at all times with the District.

CHROMEBOOK/IPAD AGREEMENT

This agreement is made effective upon receipt of a School Provided Chromebook/iPAD, between The Metropolitan School District of Martinsville ("MSD Martinsville"), the student receiving a Chromebook ("Student"), and his/her parent(s) or legal guardian ("Parent"). The Student and Parent(s), in consideration of being provided with a Chromebook/iPAD, software, and related materials for use while a student at MSD Martinsville, hereby agree as follows:

1. Equipment

- a. Ownership: MSD Martinsville retains sole right of possession of the Technology Device and grants permission to the Student to use the Chromebook/iPAD according to the guidelines set forth in this document. Moreover, MSD Martinsville administrative staff retains the right to collect and/or inspect the Chromebook/iPAD at any time, including via electronic remote access; and to alter, add or delete installed software or hardware.
- b. Equipment Provided: Efforts are made to keep all Technology Device configurations the same within each school. All systems will have wireless network capability. MSD Martinsville will retain records of the serial numbers of provided equipment.
- c. Substitution of Equipment: In the event the Chromebook/iPAD is inoperable, if MSD Martinsville has a spare device for use while the Chromebook/iPAD is repaired or replaced, this agreement remains in effect for such a substitute.
- d. Responsibility for Electronic Data: It is the sole responsibility of the Student to backup data/student work as necessary following classroom instruction utilizing cloud storage. MSD Martinsville does not provide a means for backup and MSD Martinsville does not accept responsibility for any lost files or software.
- e. Responsibility for Installed Software: The Student may not install or uninstall any software or Apps to the Chromebook/iPAD without prior approval from the Technology Staff. Operating System and Application updates will be run from a central location.

2. Damage or Loss of Equipment

- a. Responsibility for Damage: The Student is responsible for maintaining a 100% working Technology Device at all times. The Student shall use reasonable care to

ensure that the Chromebook/iPAD is not damaged. Refer to the Standards for Proper Care document (posted online and available upon request), which is fully incorporated herein, for a description of expected care. In the event of damage (other than normal and reasonable wear and tear, as solely determined by MSD Martinsville), the Student and Parent will be billed, and shall promptly pay, up to full cost of repair or replacement of the damaged device.

b. MSD Martinsville may charge the Student and Parent the full cost for repair or replacement when damage occurs due to negligence or accidental damage.

Examples of gross negligence include, but are not limited to:

- Leaving equipment unattended and unlocked. This includes damage or loss resulting from an unattended and unlocked Chromebook/iPAD while at school.
- Lending equipment to others other than one's parents/guardians
- Using equipment in an unsafe environment.
- Using the equipment in an unsafe manner.
- Removing, altering, or puncturing or changing the physical structure of the Chromebook/iPAD or removing any identification labels. The device's warranty will be void and students will be charged the full amount of the device.

(See the Standards for Proper Care document for more information on proper use).

c. Responsibility for Loss: In the event the Technology Device is lost or stolen, the Student and Parent will be billed the full cost of replacement.

d. Actions Required in the Event of Damage or Loss: The Student and/or Parent(s) must promptly report any damage or loss to the Student's teacher or the designated building administrator. If the Chromebook/iPAD is stolen or vandalized while not at MSD Martinsville or at an MSD Martinsville sponsored event, the Parent may file a police report. MSD Martinsville also may file a police report in the event that a Chromebook/iPAD is stolen or vandalized at any time or in any manner.

e. Technical Support and Repair: MSD Martinsville will provide technical support, maintenance and repair. Any attempt to repair outside of MSD Martinsville may result in the Student and Parent being charged the full replacement cost.

3. Legal and Ethical Use Policies

a. Monitoring: MSD Martinsville will monitor Chromebook/iPAD use by using a variety of methods including electronic remote access to assure compliance with MSD Martinsville's Legal and Ethical Use Policies. The Student and Parent(s) shall have no reasonable expectation of privacy while using the Chromebook/iPAD.

b. Legal and Ethical Use: All aspects of MSD of Martinsville's Network Acceptable Use Policy remain in effect. MSD Martinsville will provide content filtering within the MSD Martinsville network. However, MSD Martinsville does not have full control of the information on the Internet or incoming email from a non-MSD Martinsville email provider.

c. Probationary Student Privileges: This probationary period and consequence will be determined by building administration based upon the student and incident.

d. Peer-to-Peer File-sharing (P2P)/FTP Programs: The installation and/or use of any Internet-based peer-to-peer/FTP file-sharing tools are explicitly prohibited. File Sharing programs and protocols such as BitTorrent, Limewire, Kazaa, Acquisition and others may not be used to facilitate the illegal sharing of copyrighted material (music, video and images). Individuals with legitimate, school-related needs to use these tools may seek prior approval from the Technology Department.

e. Allowable Customizations: The Student may be permitted to alter or customize the user interface of their assigned Technology Device to their own working styles including, but not limited to legally obtained music. However, MSD Martinsville reserves the right to ensure all customizations follow the Acceptable Use Guidelines and may periodically conduct maintenance that may configure the Chromebook/iPAD back to the originally installed state.

4. Returning your Technology Device if leaving the school and/or District

a. Students leaving the school and/or District must return District-owned Chromebook/iPAD to the library, media center, or the proper place for returns on or before his/her last day at school.

b. Any Technology Device not returned will be considered stolen property and law enforcement agencies will be notified. Additionally, MSD Martinsville may charge Student/Parent(s) for the replacement value of the Technology Device.

STUDENT TECHNOLOGY DEVICE PROGRAM ACKNOWLEDGEMENT FORM

Please have the student review and sign below.

The following items reiterate some of the most important points covered in the Technology Use Agreement and the Standards for Proper Care addenda.

- I understand MSD Martinsville retains ownership and the sole right of possession of the Technology Device and has granted the student permission to use the

device. The administration has the right to collect and/or inspect the device at any time.

- I understand that I am responsible for backing up my own files and that important files should always be stored in at least two locations (such as on the Chromebook/iPAD, cloud storage, flash drive).
- I acknowledge financial responsibility for the replacement cost of the Technology Device should it become lost, damaged, or stolen.
- I acknowledge financial responsibility for the full cost of the Technology Device if damage occurs due to my “negligence.”
- I will not install or use peer-to-peer/FTP file-sharing programs to download music, video, or other media.
- I will not duplicate or distribute copyrighted materials other than a back-up copy of those items I legally own or have permission to use.
- I will transport the Chromebook/iPAD in a safe and secure manner.
- I will read and follow general maintenance alerts from school technology personnel.
- I will promptly report any problems with my Chromebook/iPAD to a teacher, administrator, or member of the tech support staff in a timely manner.
- I will not attempt to remove/alter or change the physical structure of the Chromebook/iPAD or remove any identification labels.
- I have read the Chromebook/iPAD Use Agreement, Acceptable Use Policy, and the Standards for Proper Chromebook/iPAD Care Addendum (available online) and agree with their stated conditions.

As the parent/guardian of this student, I have read the Student Network and Internet Acceptable Use and Safety Policy and Guidelines located in the Student Handbook, and I have discussed them with my child. I understand that student access to the Internet is designed for educational purposes and that the MSD of Martinsville has taken available precautions to restrict and/or control student access to material on the Internet that is obscene, objectionable, inappropriate and/or harmful to minors. While the MSD of Martinsville employs filtering and other safety mechanisms, and attempts to ensure their proper function, it makes no guarantees as to their effectiveness. Students accessing the Internet through the school's computers assume personal responsibility and liability, both civil and criminal, for unauthorized or inappropriate use of the Internet. Additionally, I accept the responsibility for communicating to my child guidance concerning his/her acceptable use of the Internet. All students enrolled in the MSD of Martinsville will be permitted to use the technology resources of the MSD of Martinsville. If a parent/guardian does not want their student to have access to any or all of these resources they must notify the building principal in writing. The parent/guardian and student signed AUP is filed for each student prior to accessing the Internet.

*All unpaid device fees will be sent to collections, and a \$5.00 charge will be added for processing.

STANDARDS FOR PROPER DEVICE CARE

This document is an important addendum to the Student Device Program Acknowledgement Form. Read it carefully prior to signing. You are expected to follow all the specific guidelines listed in this document and take any additional common sense precautions to protect your assigned Device. Loss or damage resulting in failure to abide by the details below may result in full-financial responsibility.

Following the standards below will lead to a Device that will run smoothly and serve as a reliable, useful, and enjoyable 21st Century Learning tool.

Responsibilities

- Treat this equipment with as much care as if it were your own property.
- Keep the Device in your classroom or with you at all times.
- Avoid use in situations that are conducive to loss or damage. Do not let anyone use the Device other than your teacher or MSD of Martinsville personnel.
- Adhere to MSD Martinsville's Device Use Policy at all times and in all locations. When in doubt about acceptable use, ask school personnel.
- Back up your student created documents using cloud storage. You are encouraged to save your files in more than one location. MSD Martinsville is not responsible for any lost files.
- Read and follow general maintenance alerts from school technology personnel.
- Promptly report any problems to your current teacher so a technical damage report can be made.
- Do not force anything that does not fit (e.g., connections, popped-off keys, etc.). Seek help instead.
- When in doubt, ask for help.

General Care

- Do not attempt to remove or change the physical structure of the Device including the keys, screen, or plastic casing. Doing so will void the warranty and result in loss of privilege of using a school issued Device.
- Do not remove or interfere with the serial number or any identification label placed on the Device.

- Do not do anything to the Device that will permanently alter it in any way, including writing on it for identification purposes, etc.
- Keep the equipment clean.
- Be careful when holding or carrying the Device so as not to damage the screen or other components.

Screen Care

- The Device screen can be easily damaged if proper care is not taken. Broken screens are NOT covered by warranty and are very expensive to replace. Screens are particularly sensitive to damage from excessive pressure.
- Do not clean the Device screen with anything other than approved screen cleaners.
- Clean the screen with a soft, dry, anti-static cloth or with a screen cleaner designed specifically for LCD type screens only.

Battery Life and Charging

- Make sure your Device is attached to its designated charger in your team time room each day before you leave school.
- When not in use, place the Device in sleep mode in order to save battery life.

Personal Health and Safety

- Avoid extended use of the Device resting directly on your lap. The bottom of the Device can generate significant heat and therefore cause temporary or permanent injury. Use a barrier—such as a book or devices made specifically for this purpose—when working on your lap. Also, avoid lap-based computing while connected to the power adapter as this will significantly increase heat production.
- Avoid lengthy use involving repetitive tasks (such as typing and use of the track pad). Take frequent breaks as well as alter your physical position (typing while standing, sitting, leaning, etc.) to minimize discomfort.
- Read the safety warnings included in the Device user guide posted online.

Google Suite for Education Online Resource Opt Out Form

Dear Parents/Guardians,

In order for schools within the MSD of Martinsville School District to continue to be able to provide your student(s) with the most effective web-based tools and applications for learning, our district utilizes several computer software applications and web-based

services, operated not by this district, but by third parties that use information from Google Suite for Education and related apps. As with any educational undertaking, a strong partnership with families is essential to a successful experience. In order for our students to use these programs and services, certain personal identifying information—generally the student’s name and email address—must be provided to the web site operator.

Under federal law entitled the Children’s Online Privacy Protection Act (COPPA) these websites must provide parental notification and obtain parental consent before collecting personal information from children under the age of 13. The law permits school districts such as ours to consent to the collection of personal information on behalf of all of its students, thereby eliminating the need for individual parental consent given directly to the web site operator.

Using these online tools, students collaboratively create, edit, and share files and websites for school-related projects and communicate via email with other students and teachers. These services are entirely online and available 24/7 from any Internet-connected computer. Examples of student use include showcasing class projects, building an electronic portfolio of school learning experiences, and working in small groups on presentations to share with others.

Below are some links to the sites that govern the districts privacy measures as they pertain to your child’s information:

Child Internet Protection Act (CIPA)

The school is required by CIPA to have technology measures and policies in place that protect students from harmful materials including those that are obscene and pornographic.

CIPA <http://fcc.gov/cgb/consumerfacts/cipa.html>

Children's Online Privacy Protection Act (COPPA)

COPPA applies to commercial companies and limits their ability to collect personal information from children under 13. By default, advertising is turned off for MSD of Martinsville School District’s presence in Google Suite for Education. No personal student information is collected for commercial purposes. The school’s use of student information is solely for education purposes. --COPPA –

<http://www.ftc.gov/privacy/coppafaqs.shtml>

Family Educational Rights and Privacy Act (FERPA)

FERPA protects the privacy of student education records and gives parents the rights to review student records. Under FERPA, schools may disclose directory information but parents may request the school not disclose this information. Parents are provided the opportunity annually to opt out of disclosing their student's directory information on the District's Enrollment Form. --FERPA – <http://www.ed.gov/policy/gen/guid/fpco/ferpa>

Guidelines for the responsible use of Google Suite for Education and other online resources by students

1. Prohibited Conduct: Please refer to the MSD of Martinsville Acceptable Use Policy for your Student/s
2. Access Restriction: Access to and use of student email is considered a privilege accorded at the discretion of the MSD of Martinsville School District. The District maintains the right to immediately withdraw the access and use of these services including email when there is reason to believe that violations of law or District policies have occurred. In such cases, the alleged violation will be referred to a building or District Administrator for further investigation and disciplinary action.
3. Security: The School District cannot and does not guarantee the security of electronic files located on Google systems. Although Google does have a powerful content filter in place for email, the District cannot assure that users will not be exposed to unsolicited information.
4. Privacy: The general right of privacy will be extended to the extent possible in the electronic environment. MSD of Martinsville School District and all electronic users should treat electronically stored information in individuals' files as confidential and private. However, users of student email are strictly prohibited from accessing files and information other than their own. The District reserves the right to access the Google systems, including current and archival files of user accounts when there is reasonable suspicion that unacceptable use has occurred.

I confirm that I have read and understand the following: If you DO NOT want your student to access Google Suite or any other third party online resources that utilize information from Google Suite for Education (name and email address), please complete, sign, and return this form to your child's school. If, at any time during the school year, you would like to rescind your decision and change your permission, you must let the school know in writing.

OPT OUT FORM

I DO NOT want my student to be allowed access to apps that use information provided from Google Suite for Education.

Student Name: (Print) _____

Grade: _____

Parent/Guardian Signature: _____

Date: _____

Please complete ONE form for EACH student in K- 12th grade you would like to OPT OUT of Google Apps or other online resources. Please return to your children(s) school with all other registration material.

MSD of MARTINSVILLE PESTICIDE NOTIFICATION REGISTRY

To: Parents, Guardians, and School Staff
From: MSD of Martinsville
Subject: Pesticide Application Registry Notice
Date: 2023-2024 School Year

The MSD of Martinsville School Corporation practices integrated pest management, a program which combines preventive techniques, non-chemical pest control methods, and the appropriate use of pesticides with a preference for products that are the least harmful to human health and the environment. Applications of pesticides are made only when deemed necessary to control a pest problem and after trying other means to control the problem. The term "pesticide" includes insecticides, herbicides, rodenticides, and fungicides.

We are establishing a registry of persons who wish to be notified 48 hours prior to pesticide applications. To be included in this registry, please complete the attached form and return it to your child's school.

Please include me in the notification registry. I understand that if there is an immediate threat to health or property that requires treatment before notification can be sent out, I will receive notification as soon as it is practical.

AHERA ANNUAL NOTICE

M.S.D. of MARTINSVILLE

This information is being published to comply with the requirements of 40 CFR 763 Subpart E Asbestos Containing Materials in Schools. This regulation, commonly known as the "AHERA" rule, requires local education agencies, such as this one, to perform certain tasks regarding the presence and control of asbestos containing materials in the buildings under the jurisdiction of the local education agency.

These include but are not limited to:

1. Developing an asbestos management plan which is designed to outline procedures and guidelines for the initial inspection, triennial re-inspection, and 6-month periodic surveillance of asbestos-containing materials that are present in the buildings.
2. Provide awareness training and additional training to selected school employees.
3. Periodically notify all workers and occupants, or their local guardians, parent-teacher organizations, and collective bargaining organizations of the availability of asbestos management plans, the location of the same, and the times that the plans may be reviewed.

This notification is to advise all patrons, occupants, or their legal guardians, collective bargaining organizations, and parent-teacher organizations that the asbestos management plans required under this act are available for review upon request. The plans can be viewed by any person during normal business hours of the school. Interested parties wishing to inquire about the plans should contact the individual school office. Master copies of the plans for all buildings under the jurisdiction of this local education agency are available in the Maintenance Building, which is located at 840 South Ohio Street, Martinsville, Indiana 46151, telephone number (765) 342-7896. Inquiries regarding any facet of the regulation or the management plans should be directed to Mr. Kyle Stout at the above telephone number during regular business hours.

The M.S.D. of Martinsville school facilities and buildings which contain asbestos-containing materials (ACMs) and must comply with the 40 CFR 763 Subpart E (AHERA) regulations include:

- Martinsville High School
- John R. Wooden Middle School
- Bell Intermediate Academy
- Poston Road Elementary School
- Centerton Elementary School
- Central Education Center
- Brooklyn STEM Academy
- Paragon Elementary School
- Green Township Elementary School
- Charles L. Smith Fine Arts Academy
- Cross School
- Transportation Facility
- Maintenance Building

Listed is a brief description of asbestos projects currently ongoing and completed at our facilities this past school year, as well as activities currently scheduled for the 2023/2024 school year. Detailed reports of each activity will become a part of each school's asbestos management plan and may be reviewed online.

- The next required triennial re-inspection will be completed in June 2023
- The required six-month periodic surveillance was conducted in December 2022.
- The required six-month periodic surveillances are scheduled for June and December each year.

TITLE I SERVICES

Revised February 2023

MSD of Martinsville Title I Parent Involvement Policy*

The Title I Programs of the MSD of Martinsville are committed to building a strong parent-school partnership by following parental policy guidelines in accordance with the *Elementary and Secondary Education Act* as listed below:

Parent Involvement Policy Requirements

Through the use of written correspondence, conferences, surveys, meetings, and/or phone calls, each MSD of Martinsville Title I school pledges to:

- A) Invite all parents to an annual meeting held at a convenient time, normally at each school's beginning of year Open House. The purpose of this meeting is to inform parents of the school's participation in Title I, Part A, and to explain the requirements of the program and the rights of parents. Title I parent policies, the Parent's Right-to-Know letter, and the School-Parent Compact will be distributed at the annual meeting, along with information about Indiana Academic Standards and the school's curriculum and assessments in use. Parents who cannot attend the annual meeting will receive the above information through classroom and/or digital distribution.
- B) Involve parents in the joint development of its district-wide parental involvement policy and the process of school review and improvement.
- C) Employ a Title I K-6 Coordinator to provide the coordination, technical assistance, and other support necessary to assist participating schools in planning and implementing effective parent involvement activities in order to improve student academic achievement and school performance.
- D) Build the school and parents' capacity for strong parental involvement through:
 - 1. Parent-teacher conferences and periodic written reports, which provide assistance to parents of children in understanding such topics as student academic achievement standards, how to monitor a child's progress, and how to work with educators to improve the achievement of their children.
 - 2. Assistance from the Title I K-6 Coordinator, parents (as appropriate), and/or Family Service Coordinators to provide families with materials and training as they work with their children to improve their children's achievement. Such materials and training may include workshops on literacy development, use of technology in education, etc.
 - 3. In-services, book studies, surveys, and workshops to educate educators with the assistance of parents, in the value and utility of contributions of parents. This includes:
 - How to reach out to, communicate with, and work with parents as equal partners

- How to implement and coordinate parent programs
 - How to build ties between parents and the school.
- E) Coordinate and integrate parental involvement strategies under Title I with strategies under other programs such as Headstart PreK.
- F) Conduct, with the involvement of parents, an annual evaluation of the content and effectiveness of the parental involvement policy in improving the academic quality of the schools served under this part. This includes identifying barriers to parental participation in activities (with particular attention to parents who are economically disadvantaged, are disabled, have limited English proficiency, have limited literacy, or are of any racial or ethnic minority background) and use the findings of such evaluation to revise parental involvement policies and design strategies for more effective parental involvement.
- G) Invite parents to be involved in the activities of Title I schools.
- H) Provide opportunities for flexible meeting times (mornings, afternoons, and/or evenings) in order to allow parents the opportunity to attend meetings/conferences, formulate suggestions, review and distribute parent policies and the School-Parent Compact, share experiences with other parents, and participate in decisions relating to the education of their children.
- I) Provide full opportunities (to the extent practical) and other reasonable support for the participation of parents with limited English proficiency, parents with disabilities, and parents of migratory children. This may include providing information and school reports required by the *Elementary and Secondary Education Act* (ESEA) in an understandable and uniform format with alternative formats in a language parents understand upon request.

If the Metropolitan School District of Martinsville's Title I Parent Involvement Policy is not satisfactory to the parents of participating children, the school district will submit parent comments with the plan when it submits the plan to the Indiana Department of Education.

*If the above information is needed in another language, please contact the classroom teacher or the school for assistance.

August 2023

Title I Complaint Policy & Procedures

Background

The Metropolitan School District of Martinsville recognizes that from time to time individuals may question the operation of supplemental programs and welcomes constructive suggestions for improvement. The Title I program functions at the elementary schools where there is a sufficient population of students to warrant services as established by guidelines from the Indiana Department of Education.

Individuals who wish to raise questions or concerns regarding the MSD of Martinsville Title I program may do so by contacting the building principal and following the procedural steps detailed below for filing a formal complaint.

Complaint Procedures

A Title I Conference procedure has been established in order to develop lines of communication for the Title I programs within the MSD of Martinsville at all grade levels when a Title I grievance occurs. This process is similar to the Program Change Process Outline in the Organizing for Instruction model since all instructional programs have been adapted to this process.

A Title I Conference shall be requested by either the parent/guardian, Title I staff, classroom teacher, and/or building principal. The currently established format of the Program Deficiency Conference shall be utilized for documentation at the building level. Any unresolved issue or issues which could affect or impact the entire school corporation, or be in violation of the Title I program as stated in the application of the current year, will be referred to the MSD of Martinsville Administration for further deliberation and/or action.

As indicated on the application and regulations open for public inspection, those students who display the most severe deficiencies will receive priority services from Title I staff; however, other corporation staff may, if time allows, provide remedial instruction and/or instructional services to recommended students.

A resolution will be made in writing within twenty (20) school days to all persons in attendance at a Title I Conference after a grievance has been submitted.

The following complaint form must be submitted at the Title I Conference:

Title I Complaint Form

Name of Student _____

School _____

Grade _____

Person Filing Complaint _____

Relationship to Student _____

Comments (fill in as applicable)

Parent or Guardian Statement:

Title I Staff and/or Classroom Teacher Statement:

Principal Statement:

Results:

____ This complaint was resolved as a result of the Title I Conference.

____ This complaint was not resolved as a result of the Title I Conference and the following action(s) will occur:

*Complaints unresolved at the building level will be reviewed by the Title I Coordinator and/or Assistant Superintendent of Instruction. If still unresolved, a meeting with the Superintendent of Schools may be necessary.

South Elementary School of Communication Parent Involvement Policy*

*If this information is needed in another language, please contact your teacher and/or school.

Revised February 2023

Policy Involvement Components

South Elementary School pledges to:

1. invite all parents at a convenient time to an annual meeting/open house, by way of newsletters, spring flier, phone calls, and/or social media to inform parents of the school's participation in Title I, Part A, and their rights to be involved. There will also be a time for questions and comments along with distributing the Parent Policies, Parent Compact, Parent Right to Know, curriculum being used, Indiana State Standards, school assessments and School-wide Title 1 information. Parents not in attendance will receive the information listed above through the school website (school handbook), parent-teacher conferences, and/or sent home with students and/or upon enrollment.
2. involve parents in an organized, ongoing and timely way, in the planning, review and improvement of parent programs, including the joint development of our Title I Parent Involvement Policy and Compact. This will be accomplished through PTO meetings, annual meeting/open house, survey, and parent meetings.
3. offer a flexible number of meetings, such as meetings in the morning or evening. Transportation, child care, or home visits may be provided with funds available for services related to parental involvement.
4. provide parents access to: (via annual meeting/open house, conferences, written communication and newsletters)
 - A. conferences with teachers on their child's progress, during which the compact shall be discussed as the compact relates to the individual child's achievement
 - B. timely information about school programs and activities
 - C. school performance profiles, such as, ILEARN, IREAD, and NWEA Mapping
 - D. progress monitoring parent reports, individual performance profiles, student report cards, assessment results, Lexia, NWEA, and running records along with an interpretation of the results
 - E. a description and explanation of the curriculum used in the school, the forms of assessment to measure student progress, and the proficiency levels students are expected to meet
5. provide if requested, parents the opportunities for regular meetings to formulate suggestions, and to participate as appropriate, in decisions relating to the education of their children, and respond to suggestions as soon as practicably possible
6. provide informal opportunities for parents to participate at school through book fairs, grandparent night, classroom programs, workshops, field trips, Annual

- Communications Gala/Showcase, and PTO activities.
7. offer other reasonable support for parental involvement activities under section 1116, as parents may request
 8. (SWP Schools) If the school wide program plan under section 1114(b)(2) is not satisfactory to the parents of participating children submit any parent comments on the plan when the school makes the plan available to the LEA
 9. Provide evidence that any complaints filed have been addressed (Title 1, Subpart F-Complaint Procedure CFR, Title 34) per the Title 1 complaint procedure policy.

Building Capacity for Involvement

South Elementary School of Communications pledges to:

1. provide assistance to parents in understanding such topics as the State's College and Career Readiness Standards, PreK Early Learning Foundations, and student academic achievement standards, by way of annual meeting, open house, and conferences
2. provide materials, coordinate literacy, math and/or technology training to help parents work with their children and instruct parents in ways to improve student achievement through workshops, and resources from the Title I funded Parent Coordinator
3. assist the parents in how to monitor their child's progress, and work with educators to improve the performance of the child through parent conferences, phone calls, Skyward family access, parents notes such as DOJO
4. communicate with Head Start and Pre-K teachers on the needs of incoming students and parents through, meetings, written and verbal correspondence with the classroom teacher, Title I Director, and Title I Parent Coordinator
5. invite Head Start Students and Pre-K Students to Kindergarten Orientation and Kindergarten Fair
6. refer parents to other resources such as, Family Service Coordinator, Adult/Child Services, and Head Start, as needed or requested
7. coordinate and integrate parent involvement programs and activities with Head Start, and public preschool, along with conducting other activities such as Kindergarten Fair and Kindergarten Orientation that encourage and support parents in participating in the education of their children
8. ensure information related to Title 1 school and parent programs, meetings, and other activities will be sent home in a format, to the extent practicable, in a language the parents can understand, and/or translators will be made available. Information on the language spoken at home will be gathered from enrollment forms and parent survey
9. plan parenting education workshops, information sessions, parent-student workshops and other reasonable activities to support parental involvement as parents may request
10. send home information about High School Equivalency Exam information, as

- requested by parents from the parent survey
11. welcome community based organizations, businesses, and parents through activities such as guest speakers, career awareness, lunch mentors, veterans, and community programs for enrichment
 12. distribute and collect the parent survey and evaluations from annual meeting, workshops, programs, activities, and Title I end-of year review for the content and effectiveness of the parent involvement programs to help improve academic quality
 13. constantly strive to improve parent involvement by networking with parents through parent notes, phone calls, newsletters, a survey, home visits, e-mail, Skyward family access, and school web pages as appropriate
 14. review and distribute the Parent Involvement Policy & Compact through PTO meetings, conferences, and/or annual meeting/open house and upon enrollment.
 15. educate educators with the assistance of parents, in the value and utility of contributions of parents, and in how to reach out to, communicate with, and work with parents as equal partners, implement and coordinate parent programs, and build ties between parents and the school through staff meetings, professional development, and/or PTO meetings

Accessibility

In carrying out the parental involvement requirements, to the extent practical, the school will provide full opportunities for the participation of parents with limited English proficiency, parents with disabilities, and parents of migratory children, providing information and school reports required under Section 1111 of the ESEA in an understandable and uniform format and including alternative formats upon request, and to the extent practical, in a language parents understand.

South Elementary School of Communications School-Parent Compact (Revised February 2023)**

MISSION STATEMENT: Empowering students through communications and life-long learning

South School Responsibilities are as follows:

1. Promote a safe, positive environment where all children are treated with respect.
2. Participate in professional development opportunities that improve teaching and learning.
3. Provide highly quality curriculum and instruction in small groups in an effective learning Environment, using current research-based curriculum and incorporating Indiana College and Career Readiness Standards to meet the state's student academic achievement standards.
4. Hold Parent-Teacher Conferences during which the compact shall be discussed as the compact relates to the individual child's achievement.
5. Provide families with regular and on-going assessment of student's progress through report cards, notes, phone calls, Skyward family access, e-mails, and

- arranged conferences as needed.
6. Inform parents of school policies, parent training and/or workshops through newsletters, invitations, and/or e-mails or social media.
 7. Ensure that all parents know how to contact the school, Title I staff , and other reasonable access to staff at convenient times through phone calls, e-mail, and face-to-face communication.
 8. Encourage shared responsibility in achieving educational goals by providing opportunities for families to participate in and observe classroom and school activities, be informed of school policies, along with providing opportunities for parents to volunteer and participate in their child's classroom.
 9. Respond timely to a parent's request for information about their child.
 10. Communicate information to the families and community through the school's website, and/or local newspaper, newsletters, etc.

Parent Responsibilities are as follows:

1. Encourage a positive attitude about school, monitoring school attendance, including arriving on time, check homework and television watching, expect good study habits
2. Attending Parent-Teacher Conferences, special school functions, volunteering in the child's classroom, and participating as appropriate in decision making ideas related to my child's education, keeping the lines of communication open with my child and the school, by encouraging positive use of extra-curricular time.
3. Support the school in its efforts to maintain proper discipline, encourage child to be a good citizen in the classroom, respect teachers, staff and other students
4. Read all correspondence from the school and timely respond to a request concerning the well-being and educational activities of my child.

Student Responsibilities are as follows:

1. Attend school regularly; follow school rules and Hero Traits.
2. Always try to work to the best of my ability by coming to school prepared to participate.
3. Complete class work and ask for help when needed.
4. Show respect for myself, my school and other students.
5. Make sure messages between my teachers and parents are given to them as soon as possible.

*If this information is needed in another language, please contact your teacher and/or school.

**South Elementary School of Communications
Title I Parent's Rights to Know Letter**

2023-2024 School Year

Dear Parents/Guardians:

In accordance with the Elementary and Secondary Education Act, Section 1111(h)(6) PARENTS' RIGHT-TO -KNOW, this is a notification from South Elementary School to every parent of a student in a Title I School that you have the right to request information regarding the professional qualifications of your student's classroom teachers and paraprofessionals and receive such information in a timely manner.

Information regarding the professional qualifications of your student's classroom teachers shall include the following:

- If the teacher has met state qualifications and licensing criteria for the grade level and subject areas taught;
- If the teacher is teaching under emergency or temporary status in which Indiana qualifications and licensing criteria are waived;
- The teacher's baccalaureate degree major, graduate certification, and field of discipline; and
- Whether the student is provided services by paraprofessionals, and if so, their qualifications.
- If at any time a teacher that is not highly qualified has taught your student for 4 or more consecutive weeks, you will be notified by the school of this information.

If you have questions or concerns, please feel free to call Mrs. Melody Meyer, school principal, at 765-349-1486.

Sincerely,

Tiffany Grant and Julie Sullivan
Title I Co-Directors
MSD of Martinsville
