Centerton Elementary Staff List

Principal: Dr. Stephanie Manley
Secretary: Mrs. Melissa Wood
Clinic Aide: Mrs. Cassandra Lowery
Pre-Kindergarten: Ms. Haley Branaman
Kindergarten: Mrs. Mary Beth Ferguson
First Grade: Ms. Ally Jordan
Second Grade: Mrs. Kayla Middleton
Third Grade: Mrs. Kori Valbert
Fourth Grade: Miss Katie Arthur
Resource: Mrs. Sarah Wood
Art: Mrs. Katy Clayborn
Music: Mr. Tim Carroll
Physical Education: Ms. Reagan Riddle
Librarian: Mrs. Elizabeth Goodner
Special Education Assistant: Mrs. Stefanie Conway
Instructional Aide: Ms. Sabrina Cook
Speech Pathologist: Mrs. Maureen MCGown
Family Services Coordinator: Mrs. Patti Ostler
Head Custodian: Mr. Jon Harper
Night Custodian: Mr. Matt Anderson
Cafeteria Manager: Mrs. Bobbie Padgett
Cafeteria: Mrs. Paula Davis
Cafeteria: Rotates
Nurse: Mrs. Emmylou Spence
School Psychologist: Ms. Alisha Staples
School Counselor: Mrs. Catherine Cox

MSD OF MARTINSVILLE MISSION STATEMENT

Together we challenge and inspire our children through rich experiences, empowering them to achieve success while making positive contributions to our world.

CENTERTON ELEMENTARY MISSION STATEMENT

Centerton Elementary School strives for excellence in curriculum, instruction, and assessment. Our positive learning environment allows us to consistently meet or exceed student achievement goals for all students. Our partnership with our families and community creates an educational experience that produces successful and competent citizens of the global community.

REPORTING STUDENT PROGRESS

REPORT CARDS

Report cards are issued every nine weeks. Midterm reports will be posted to Skyward Family Access every 4 1/2 weeks, except in kindergarten. Report cards will contain both academic and conduct grades. Attendance will be recorded on the report card. Report card envelopes must be signed and returned to the teacher.

Midterm Dates

September 11, 2026

November 20, 2026

February 12, 2027

April 23, 2027

Report Card Dates

October 9, 2026

January 8, 2027

March 19, 2027

May 20, 2027

STUDENT SCHEDULE INFORMATION

Office Hours

8:00 a.m.- 4:00 p.m.

Arrival Times and Procedures

Doors open at 8:25 a.m.

School begins at 8:40 a.m.

Dismissal Times and Procedures

3:40 p.m. Buses are loaded

3:45 p.m. Walkers dismissed & vehicles loaded

Lunch Schedule

Lunch	
PreK/K	11:00-11:30
1/2	11:35-12:05
3/4	12:10-12:40

Special Schedules and Releases

Early Release Days: Due to weather - automatically cancels all school sponsored after school activities.

Late arrival/Early Release schedules to be determined and distributed upon approval.

2 hour delay: Due to weather - Students will arrive at 10:25 a.m., and the tardy bell will ring at 10:40 a.m.

REAL Time Learning: If it is known IN ADVANCE that school will be closed for a day or multiple days, families will be notified in advance and students will learn from home. Real Time Learning involves lessons being presented live to students via Zoom. After the lesson, teachers will be available to help students through their work while also answering questions. There will be two sessions: a morning Zoom for reading and an afternoon Zoom for math and other subjects.

These days will count as a full day of learning with the State and do not need to be made up. The following schedule will be used during REAL Time Learning:

ELEMENTARY	
8:25-9:30	Supported Student Work Time
9:30-11:00	ELA (READING) Class Meeting & Supported work time: ZOOM
11:00-12:30	LUNCH & Supported work time
12:30-2:00	MATH/SOCIAL STUDIES/SCIENCE Class Meeting & Supported work time: ZOOM
2:00-3:30	Supported Student Work Time

State Assessment Testing Windows

WIDA ACCESS	January 11, 2027 - February 26, 2027
IREAD-3	Spring: March 1, 2027 - March 12, 2027
	Summer: May 10, 2027 - June 25, 2027
IAM	March 29, 2027 - May 7, 2027
ILEARN Checkpoint 1	September 14, 2026 - November 13, 2026
ILEARN Checkpoint 2	November 16, 2026 - February 5, 2027
ILEARN Checkpoint 3	February 8, 2027 - April 9, 2027
ILEARN	April 12, 2027 - May 7, 2027

SAFETY & SECURITY

Visiting the School

For the safety and security of both staff and students, visitors will not be allowed during breakfast or lunch. Visitors are welcome for organized school events, scheduled conferences, field trips that require additional

chaperones, class parties that require additional volunteers, or other principal approved activities. **ALL VISITORS MUST REPORT TO THE OFFICE TO CHECK IN AND OBTAIN A PASS BEFORE VISITING ANY PART OF THE SCHOOL.** Visitor name tags, provided at the office, are to be worn by all visitors in the building. As visitors leave the building, they must stop by the office and sign out. This is a required safety procedure.

1. Background checks for volunteers, an individual supervising students, must be completed **annually**.
 - a. A background check that produces a felony or misdemeanor conviction will be subject to review for non-admittance to school-day activities. Questionable results will be shared with the MSD of Martinsville Chief of Police, or designee, for review and will communicate the determination with the building principal if the findings prevent an individual from volunteering in the school building due to safety concerns.
2. Conferences should be arranged in advance, and at a time when the teacher does not have children in the classroom or is not on duty elsewhere.
3. From time to time, your child may bring home notes or newsletters from school. All of these are important to the student as well as to parents. Please be sure to read the newsletter carefully. Information can also be gathered from visiting the school website.

AIPHONES Security System

Any individual entering our school must enter through the main doors. There is a box mounted on the right brick wall near the front door of the main entrance. Please press the button and state your name and the nature of your business to gain entrance. Once inside, please follow the visitor procedure.

Verkada Guest

Schools use the Verkada Guest system. You will be required to bring your state issued ID with you to enter the school. Thank you for your understanding in our efforts to keep our students safe.

STOPit

STOPit is available for anyone to submit an anonymous concern. To submit a tip click on the STOPit icon located on the MSD of Martinsville webpage. Submit a tip to help make your school safer.

Emergency Pick Up Procedures

Students who are picked up during a crisis situation **must be signed out.** Only those persons authorized on the emergency card/Skyward will be allowed to pick up your child and must have a state issued ID.

Drills

In case an emergency weather situation occurs while the children are at school, each teacher will provide proper instruction for each classroom. Emergency procedures are posted in each room. Practice drills are conducted regularly so that students will be familiar with procedures if needed. Each student is expected to follow instructions without delay or interference.

Fire Drill

Fire drills are necessary for the safety of the children, teachers, and school staff. Teachers will explain which exit to use from their rooms. Children are instructed to walk, NOT RUN, and go quietly to the area designated by the teacher.

Tornado

A tornado alarm will be sounded when an alert is in effect. A plan for taking shelter has been developed for our school. The teachers will direct children to the designated shelter areas.

ALICE

All MSD of Martinsville Schools use ALICE for student and staff safety regarding Violent Critical Incidents. ALICE is an acronym that stands for Alert, Lockdown, Inform, Counter, and Evacuate. Schools participate in monthly table top discussions and activities that align with student and staff ALICE training.

Severe Weather and Cancellation of School

When severe weather closes school before the day begins, local radio stations are the first to be contacted and serve as the best source of information. When possible, announcements are made before 6:30 a.m. and the Superintendent of Schools or designee may make a mass call to parents' primary phone numbers to inform parents of a school closing. Tune your radio to WCBK (102.3) or check the MSD of Martinsville Facebook or Twitter page. Please do not call the school office for closing information.

Notifications will be given via ParentSquare. This system depends on phone numbers and emails in the school's database to deliver phone messages to your home and/or cell phone. Current emergency information is critical for the school office and database. We need to be able to contact you in the case of an emergency, injury, or sickness. Should you move during the school year or your telephone number changes, it is essential that you notify the school office **immediately**.

Custody Orders/No Contact Orders

It is your responsibility as a parent or guardian to provide the school with any updated information concerning custody of your child. We must have the necessary information or changes signed by the judge. We will keep that information on file. We cannot use information that concerns custody of a child from an attorney or another party.

Both parents always have access to the child's teacher and any educational information unless the judge has stated otherwise. Our philosophy is to have both parents involved in their child's education. If a parent does not live nearby, the parent can provide the school with self-addressed stamped envelopes and we will mail the specific information the parent would like to receive.

Custody situations can become uncomfortable for children. Please help us avoid a situation for your child. Just remember to provide us with the most current documents and we will follow them. If you have given us a copy of your order, we still have it on file. A copy of a no contact order should also be on file in the school office.

Surveillance Cameras

Surveillance cameras are used on school buses and in and around school buildings.

It is the desire of the Board of School Trustees to provide a safe and secure environment for students on buses and in our schools. To this end, the Board of School Trustees authorizes the use of audio-video systems on buses and in schools.

All recordings created as a result of such monitoring are the property of the MSD of Martinsville and access is restricted. Recordings will be maintained for a reasonable period of time and then may be recorded over. Recordings may be viewed only at prescribed locations and upon authority granted by the Superintendent. Information obtained as a result of such monitoring may be used to initiate and/or support disciplinary action and to improve safety.

COMMUNICATION

Communication is an essential part of the education program. It is important that the teacher and parent be in close contact throughout the year. This is accomplished through the use of agenda books, notes, e-mails, phone calls, and newsletters.

Anytime there is a question or concern do not hesitate to call the school office or teacher's voicemail and he/she will get back to you as soon as possible. The staff makes every effort to return messages within 24 hours. If you do not receive communication back from a staff member within 48 hours, please contact the school principal.

Family Access

Some questions and concerns may be handled through our Family Access Internet program, provided you have a computer with Internet capabilities. Parents must show their photo ID as proof of being the parent or guardian and complete a form to obtain a username and password. This permission form may be obtained at the MSD of Martinsville Administrative Office located at 389 E. Jackson in Martinsville.

Once you have a username and password, using your Internet browser, you will type in the MSD of Martinsville's web page. There is a link to Family Access. Once you have entered your username and password, you will be able to view your child's school information as it is contained in the corporation's database.

Automated Communications

Now more than ever, it is critical that educators have a direct line to families, students, and staff so that important information can be communicated quickly and reliably. Teachers, schools, and the school district can send timely messages to parents and/or guardians through an automated system. Messages are scheduled for delivery to alert parents and students to absences, events, emergencies and other important information. Again, the phone numbers called are from our school data system so it is critical that phone numbers are kept up to date in order to receive these timely messages.

Student Technology Acceptable Use Policy (A.U.P) and Safety

All students enrolled in MSD of Martinsville will be issued and permitted to use the technology resources of MSD of Martinsville once the Student Technology Acceptable Use Policy and Standards for Proper Care of the Chromebook/iPad is signed by a parent/guardian. The Student Technology Acceptable Use Policy and the safety and care guidelines are included at the end of the handbook.

Telephone Policy

Please do not ask your child to make a call or expect them to be able to use the phone. The office phone WILL NOT be used by students except in cases of emergencies, and then only with permission of a staff member. The following DO NOT constitute an emergency:

1. Forgetting assignments
2. Forgetting books
3. Forgetting permission slips
4. Calls concerning after school activities, such as scouts and staying over with a friend

Personal communication devices (Cell Phones, smart watches, and other electronic devices) are to be turned off during school time and kept in backpacks, not in pockets or desks. If a student has an emergency he/she will be allowed to go to the office for permission to make a call.

Dismissal Procedure

Please send a note to your child's teacher if a parent or guardian changes the way their child is to leave school. Do not leave a message for a teacher or the office for a dismissal change in case the message does not get checked in time for dismissal. All dismissal changes should be completed by 3:00 p.m. All students will go home as normal unless the school staff is notified by a parent.

SPECIAL SERVICES

If a student is having difficulty with schoolwork, being socially inappropriate, or has a disability, a RtI (Response to Instruction) conference may be convened. This conference may be requested by a parent or staff member and includes staff, parents, and support personnel. There may be occasions when the RtI team recommends testing to determine possible learning disabilities. If warranted, our Resource Teacher and/or Speech and Language Teacher is assigned to support the student.

Resource Teacher

The Metropolitan School District of Martinsville provides a teacher to support the educational requirements of students who have been identified as having special needs. These students are assigned to regular classrooms and participate actively in the life of the school. The Resource Teacher will meet each student's needs as determined by the student's individual education program. Parent consent is required for testing and participation.

Speech and Hearing/Language Development

A licensed Speech and Hearing Therapist checks students for hearing and speech concerns. Speech classes conducted during the school day address articulation, delayed language, voice, stuttering, and hearing loss. Parent consent is required for testing and participation.

School Psychologist

A licensed school psychologist is assigned to the building to provide psychological evaluations of the children who are referred because of possible learning and behavioral disabilities. This testing is done only with the consent of the parents or guardians. MSD of Martinsville Schools include School Psychologists on their building level problem solving teams. School psychologists serve students by providing collaborative feedback to teaching teams, designing behavior plans, assisting teachers and students with interventions (social/emotional and academic), and facilitating small groups. A school psychologist working as a member of the problem solving team may meet with a student individually to assist the student with social/emotional, academic, or behavioral challenges. Should a student need to meet with a school psychologist for more intensive interventions, written parent permission will be obtained.

Family Services Coordinator

The Family Services Coordinator acts as a liaison between the home and the school in whatever capacity is needed to ensure a child's maximum school success. This includes:

1. Home visits
2. Parent workshops
3. Help with school
4. Help with behavior problems
5. Referrals to community resources

Elementary Counselor / Social Worker

The counselor / social worker helps to educate and support students socially, physically, and emotionally. This includes:

1. Student advocacy
2. Facilitation assessments
3. Scheduling guidance
4. 1-1 Student support
5. Small & whole groups
6. Family support
7. Classroom presentations & lessons
8. Knowledge of community resources
9. School-wide interventions

Title I (Centerton and Green Township Non-Title I Schools)

Title I provides extra help and instruction to K-4 students to strengthen reading and math skills. Title I placement is determined by test scores and classroom progress. The Title I lessons coordinate with the classroom curriculum. Students are referred for placement based on Standardized Testing as well as teacher input.

Enrichment for High Ability and High Achievement

The Metropolitan School District of Martinsville Enrichment Program is geared at providing special curricular challenges and activities for the high ability and high achieving students at all of the district's elementary schools. Students are identified by using state mandated, standardized assessments. All students are provided individualized instruction to meet their specific needs.

YMCA Before and After School Child Care

The YMCA offers child care for all elementary school students before and after school. Please contact the YMCA if you are interested in enrolling your child at 765-342-6688.

STUDENT ATTENDANCE

Regular attendance is essential for children to be successful in their educational endeavors. Students are bound by the requirements of the Indiana Compulsory Attendance Laws. Students are expected to attend school regularly and be on time for classes in order to benefit from instructional programs and develop responsible personal habits that are respected in society and therefore a part of the educational process.

Reporting Your Child's Absence

- Call the school office as soon as possible in the morning on the day of your child's absence. If you do not call the school by 9:30 a.m. and report the absence, the school messaging system, someone from the school, or the attendance officer may be calling your home. ParentSquare can also be used to notify the office.
- If you find that your child is still ill the next day, another phone call from you to the school is necessary. At this time, arrangements may be made to send home make up work for your child so that he/she does not fall behind in the classroom. Schoolwork will be sent with a sibling, neighbor, or you may pick the work up at the end of the day.
- Upon returning from home to school, a note should be sent to the teacher explaining the absence. A doctor visit should be documented with a statement from the doctor so that it can be entered in the school data system.
- If a child is sent home with a fever of 100.4 degrees or over, he/she is not to return to school until fever free for 24 hours without fever medication.

Guidelines for Absences and Tardies

Reporting Your Student's Appointment or Absence Ahead of Time

- Call the school office as soon as possible in the morning on the day of your student's absence. If you do not call the school by 9:30 A.M. and report the absence; the school messaging system, someone from the school, or the attendance officer may call. ParentSquare and Family Access can be used to notify the office of an absence.
- Call the school office or send a note on the day before or the day of the appointment. This helps teachers plan for tests, homework, etc. The note should contain the date, the time, and the reason for the appointment/absence.
- If your child has a slip from the dentist/doctor's office, please have your child drop it off at the office when your child returns to school.
- We ask that you not keep a child out of school for the entire day for a doctor or dental appointment.
- Please keep these appointments to a minimum. The best time to schedule appointments is toward the end of the day.

Tardies

1. Call the school as soon as possible, informing us that your child is going to be late.
 2. Bring your child in as soon as possible, as teachers start their lessons as early as 8:40 a.m.
 3. Sign your child in at the office, with an explanation for the tardy.
- A number of unexcused or questionable absences and tardies for any child are reported to our district attendance officer. Daily records are kept on all students and weekly reports are made.

Guidelines for Absences and Tardies

Morning Attendance

Student attendance hours are 8:40 a.m. to 3:40 p.m. If a student arrives after 8:40 a.m., leaves early, or is signed out for a portion of the instructional day that is less than 1/2 day, a tardy will be marked. If a student arrives at 12:10 p.m. or leaves at 12:10 p.m., the student will be marked with a 1/2 day absence.

Afternoon Attendance

Student attendance hours are 8:40 a.m. to 3:40 p.m. If a student arrives after 12:10 p.m., the student will be marked as a ½ day absence and an afternoon tardy. If a student arrives at 12:10 p.m. or leaves at 12:10 p.m., the student will be marked with a 1/2 day absence. If a student leaves early (12:10 p.m.-3:40 p.m.), or is signed out for a portion of the instructional day that is less than 1/2 day, a tardy will be marked.

Attendance Procedures

General Responsibilities of Parents or Legal Guardians

- Parents/Legal Guardians are responsible for the attendance of their students in school.
- The Principal/Counselor will be informed of irregular attendance patterns and unexcused absences, and will help students with attendance problems. The Principal/Counselor shall make recommendations to the teacher and/or the attendance officer which she/he believes will aid the student.
- Referral of a student with an attendance problem may be made by a teacher to the Principal and/or attendance secretary.
- Correction of absenteeism and/or tardiness to the school is the responsibility of the parents/legal guardians. The school will assist in all ways possible.
- Parents/legal guardians are requested to notify the school office each day to report extended illnesses of their student.
- Parents/Legal Guardians are requested to notify the school office to report family travel at least 3 days prior to travel date. All make-up work (including tests) must be completed to the teacher's satisfaction within five (5) days of the student's return to school.

Attendance Guidelines

- EXCUSED ABSENCES: Documentation must be provided in the form of a doctor's note, parent phone call, or other electronic communication. All other absences will be considered unexcused.
- DOCUMENTATION: All legal or medical documentation must be submitted within 5 days for the absence to be recorded as excused. The school's fax # is 317-831-3439.

Attendance Letters

- Attendance letters are generated and sent via email on the 5th unexcused absence, 10th unexcused, and 18th unexcused absence.

Guidelines for Duty to Report Regarding Attendance (IDOE)

Under IC 20-33-2-25, the "Superintendent or an attendance officer having jurisdiction shall report a child who is habitually absent from school in violation of this chapter to an intake officer of the juvenile court or the department of child services. The intake officer or the department of child services shall proceed in accord with IC 31-30- through IC 31-40."

Everyone should report abuse or neglect. The reporting and investigating of suspected child abuse and neglect are not discretionary matters. They have been required by law (IC 31-33-5-1) since 1979.

Do Report When...

- Students have reached ten (10) or more unexcused absences.
- Educational neglect is suspected
- Students are missing and unaccounted for

Age of Attendance

According to Indiana Code, children who are five (5) years of age on or before August 1 are eligible for kindergarten. Once enrolled, students are responsible for all compulsory attendance laws of the State of Indiana.

Bus Regulations

Students are assigned to ride school buses that will pick them up and drop them off in close proximity to their homes. Buses will not cross transportation zones. Students are not allowed to ride a bus other than their assigned bus unless a written request is received from the parent or guardian stating their permission to do so. The bus driver has guidelines and will review them with children. No live animals or glass containers are allowed on the bus. If a student is not following the bus guidelines, the student will receive a bus referral that could result in a warning, discipline consequence, or suspension/removal from the bus.

STUDENT WELLNESS

The school clinic is available for students who become ill or injured during the school day during normal student class hours. Only minor first aid is available in the clinic.

Emergencies

For life and/or limb threatening emergencies and for any condition warranting EMA assistance, 911 will be called and parent(s)/guardian(s) will be notified. If a guardian declines EMA transport, this must be discussed and decided upon between the guardian and EMA services. Clinic staff will follow protocol regardless of parent request. In the event a guardian cannot be reached for immediate pick up for acute injury or illness necessitating prompt treatment, EMS may be called. Should Poison Control be notified, their guidelines will be followed by clinic staff. This includes the need for EMS transport.

Illness

The clinic staff may exclude from school a student who is suspected to have a communicable disease that is transmissible through casual contact and poses a threat to the health and safety of the student body. If excused from the clinic for a suspected or confirmed communicable illness or disease, students are allowed to return to school only after they have been evaluated by a physician or nurse practitioner and have a signed document stating that the student has been seen/treated and is safe to return. Communicable diseases are contagious and should be reported to the school office or clinic even if they are not cause for exclusion.

The Indiana Department of Health's Communicable Diseases Reference Guide for School provides the MSD of Martinsville with practice guidelines. The guidelines are as follows:

1. Fever of 100.4F or greater
Students who are ill should be fever-free for 24 hours without the use of fever-reducing medication (i.e. acetaminophen and/or ibuprofen) before attending or returning to school.
2. Witnessed vomiting or diarrhea
Students should be free from vomiting or diarrhea for 24 hours before returning to school.
3. Suspicion of conjunctivitis or "pink eye"
If bacterial conjunctivitis is diagnosed, students must be on antibiotics for 24 hours before attending school.
4. Suspicious rashes
Students must see a provider to rule out contagious illness before they will be allowed to return.
5. Injury that may require further evaluation and treatment
Only minor first aid may be administered by clinic personnel.
6. Suspicion of an untreated contagious condition (bacterial)
If an infection has been diagnosed, students need to be on an antibiotic for 24 hours.

7. A condition or illness that is causing such severe symptoms that the student is unable to participate in class (i.e. uncontrolled Asthma exacerbation, cough that is not well controlled, severe migraine impacting ability to function at school, etc.).

Clinic Excusal Process

All students leaving school during the day due to illness must do so through the school clinic. The clinic staff will determine whether the student should remain in school or go home based on the above guidelines and professional clinical judgment. No student will be released from school without proper parental permission. Students may not contact parents and ask to be picked up without clinic staff permission. If the student does not follow this protocol, the absence will be unexcused.

Pick-Up Timeframe

If Family Member #1 listed in Skyward is unable to be reached, Family Member #2 will be contacted. School staff will next call the person(s) listed as Emergency Contacts and request the student be picked up if “Family Member #1” and “Family Member #2” are not able to be reached. Students should be picked up within 1 hour of the initial call. After 1 hour, school police may be contacted. Guardians are responsible for making sure contact information in Skyward is updated and correct.

Clinic Equipment

Clinics are supplied with limited equipment for emergencies to be used by school staff only. This equipment will not be provided to students for personal use. If ambulatory or assistive devices such as crutches, braces, splints or wheelchairs are necessary, these must be provided by a health care provider. A written order for use should be submitted to the clinic with restrictions and duration of use.

Managing Medical Conditions at School

Students who are diagnosed with chronic conditions which require emergency medications (diabetes, anaphylactic allergies, asthma, seizures, etc) must have physician documentation on file prior to starting school. Emergency action plans completed by the student’s primary care physician and/or specialist must be on file in the clinic and updated every school year. Each student with an action plan will also have an Individualized Healthcare Plan completed by a registered nurse per Indiana state law. Permission to carry emergency medications outside of the clinic must be signed by the physician and on file IN the school clinic each school year. Private Duty nurses must be written into the student’s Individualized Education Plan (IEP). The MSD of Martinsville may require a Memorandum of Understanding to be signed.

Please note that once the standard school day ends, the responsibility for student medical care transitions from the school clinic staff to the specific teacher or employee supervising the extracurricular activity. During these hours, the designated staff member serves as the delegated caregiver, responsible for following established emergency care plans and administering necessary medications for your child.

Prescription Medication

Students are required to bring all medications to the clinic to be stored. No medication will be allowed to be carried by students unless it is an emergency medication, such as Albuterol or insulin AND the Self Carry Authorization is signed by the guardian/physician and on file in the clinic. Prescription medications must be sent in the original container with a legible, original prescription label (with the appropriate students’ name) and be accompanied by a signed Prescription Medication form from the guardian. Guardians are responsible for

supplying necessary medications and supplies (i.e. inhalers and spacers). Should guardians need assistance with supplies, clinic staff may be contacted.

Over-the-Counter (OTC) Medications

Common over the counter medications are stored in the school clinic. A limited supply of acetaminophen and ibuprofen products may be available to be given at the discretion of the school clinic staff to any student who has written guardian permission via an OTC Medication Administration Consent. Any additional over-the-counter medications (including cough drops) will be kept in the clinic and must be supplied by the parent. An over-the-counter medication administration consent form must be completed and signed by the parent/guardian for provided medications, as well. All medication must be in the original unopened container and will be given according to the directions on the package/bottle. If the dosage needed for a student exceeds label directions, a written order from the student's medical provider is required. All medications administered at school must be approved by the FDA, and no homeopathic or herbal medications will be administered. Over-the-counter medications sent into school will be kept until the end of the school year unless directed otherwise.

Transporting Medications

Parents are responsible for any medications brought into the clinic. Clinic staff will count controlled medications and maintain a log. Parents are encouraged to transport controlled medications (most commonly ADHD medications) to the clinic and verify clinic staff count. Parents are to make arrangements for medications to be picked up prior to the last staff day of school. Controlled substances will NOT be sent home with students.

Immunizations

Student immunization records must be on file and compliant with the State of Indiana immunization requirements prior to the first day of school. Students with incomplete immunization records are subject to exclusion from school 20 days from the start of school pursuant to Indiana Code 20-34-4-5. Any student filing Medical Exemption or Religious Exemption must have signed documentation filed each school year and prior to the first day of school. Exemption paperwork may be picked up at the school or found on the school website under Student Services.

Human Papillomavirus

HPV is a common virus that can lead to certain types of cancer later in life. Getting your 11-12 year-old student two doses of the HPV vaccine can prevent these cancers. To learn more, please visit:

<https://www.cdc.gov/hpv/index.html>

Meningococcal Disease

Meningococcal disease is a dangerous disease that can strike children and youth. The disease can progress rapidly and within hours of the first symptoms, may result in death or permanent disability including loss of hearing, brain damage, and limb amputations. Symptoms of meningococcal disease often resemble the flu and can include a fever, headache, nausea, and stiff neck, making the disease difficult to diagnose. The bacteria that cause meningococcal disease are transmitted through air droplets and by direct contact with an infected person. Fortunately, there is an immunization available and the U.S. Center for Disease Control and Prevention recommends routine meningococcal immunizations at 11 to 12 years old. For teenagers, immunization is recommended at high school entry and incoming college freshman. Please talk with your student's healthcare provider about meningococcal disease and vaccination.

Hearing Screenings

Indiana Code 20-34-3-14 states that all school corporations shall conduct annual hearing tests on all students in grades 1, 4, 7, and 10. However, any student may be tested upon request by parents and/or school staff. If a problem is identified, parents will be notified of the test results and recommendations. If a parent does not wish to have their student tested, the parent must decline in writing and submit to the Speech Department or Front Office.

Vision Screenings

Indiana Code 20-34-3-14 states that all school corporations shall conduct an annual screening test of the visual acuity of all students in grades K or 1, 3, 5, and 8. Other students suspected of having a visual impairment will also be screened upon request of parent or school staff. Local eye care professionals, school nurses, and clubs may screen students. If a problem is identified, parents will be notified of the test results and recommendations. If a parent or guardian does not wish to have their student tested, a signed letter must be filed with the clinic declining the required service prior to the exam date.

Head Lice

Parents of students found with live lice will be notified and encouraged to pick up their student. Immediate pick up will be required if the student is itching badly enough to deter from learning. Students must then be treated. After treatment, the parent is to bring the student back into the clinic for revaluation before they will be allowed to return to the classroom. The parent/guardian shall remain with the student until the clinic staff has checked the students hair and the student is readmitted. The student may return to school if no live lice are identified. If live lice are still found to be present, the student will be sent home. Whole classroom lice checks will not be performed.

Bed Bugs

In the event a bug is found on a student or on their belongings, the bug is to be removed, contained, and disposed of. Students will be allowed to change into clean clothing provided by the clinic. Student items may be bagged and returned to the student at the end of the school day. Parents of students with bed bugs will be notified. Students are not to be excluded due to the presence of bed bugs on their person or belongings.

Telehealth/Virtual Appointments with NursesDirectConnect

The MSD of Martinsville has partnered with NursesDirectConnect to provide in-school and/or at-home telehealth and virtual appointments for all students and their families. This service allows for parents and students to miss less time out of the classroom for mild illnesses and conditions, such as ear infections, sinus infections, and skin conditions. Clinic staff has the ability to swab students for illnesses such as Covid-19, Influenza A & B, and Strep. NursesDirectConnect accepts most insurances, including Medicaid. Permission from guardians must be obtained prior to this service being accepted and utilized for any student. Guardians accept all responsibility for charges and services received.

ELEMENTARY POLICIES AND PROCEDURES

Physical Education

Students must have proper footwear to participate in P.E. Students may wear their tennis shoes to school or bring them to school and change when they go to P.E. (socks must be worn). Platform and sandal type tennis

shoes, dress shoes, baggy pants, and dresses are not appropriate items to wear for P.E. If, for any reason, it is necessary to restrict your child's participation in the P.E. program, you must send a written explanation to school stating the specific health problem. This will enable the P.E. teacher to adapt activities to fit your child's needs and capabilities. If the health problem lasts more than one P.E day, a physician's statement is required.

Dress to Learn

Our school philosophy emphasizes that education is to help students develop to their potential in an atmosphere of mutual respect, self-discipline, and student agency. Student dress is intended to encourage students to "dress for success" and to come to school prepared to participate in the educational process. We value the desire of students for self-expression, so students may choose their own dress as long as it meets the expectations below and contributes to good health, safety, positive school culture, and is non-disruptive to the learning environment of all students.

Expectations for Student Dress:

- Maintains safety of students and property in all learning environment
- Shoes must be worn at all times
- Face and head should be visible (except where accommodations are needed for religious beliefs or when health and safety necessitate use)
- Clothing worn is free of advertisements for or promotion of the use of alcohol, drugs, tobacco, or other substances that, if used by a minor, would be illegal
- Clothing worn is free of lewd, vulgar, indecent, or violent language/images, hate speech, or gang affiliation
- Jackets and coats intended for outdoor use, sleepwear, slippers, and blankets should not be worn in school
- Clothing worn with normal movements should cover private areas, underwear/undergarments, torso, and upper/lower back. Top clothing and bottom clothing should meet.

If a school designee determines an item of clothing to not meet this standard, a private conversation will take place between the student and the school designee. The goal is to address the concern and for the student to return to class as soon as possible. If there is a pattern of student dress concerns, and after parent communication, a school consequence may be given.

Valuables

Students should not bring valuables or large sums of money to school. No toys, trading cards, or electronic devices should be brought to school unless specified by the teacher for a class assignment or project. When students bring items to school that are dangerous or disruptive they may be confiscated. Confiscated items will be disposed of after thirty days. It is the responsibility of the parent/guardian to claim the confiscated items.

Birthday Parties and Treats

We enjoy celebrating birthdays at school. If you wish to celebrate your child's birthday at school, please contact your child's teacher and schedule a time. Birthday treats must be commercially prepared. The school prefers that you do not send in drinks. Party invitations should not be distributed at school unless all students

in the class receive an invitation. The school is not permitted to disclose other student's addresses or phone numbers. **Balloons and flowers cannot be delivered to the schools.**

Ideas For Helping Your Child

Parents can do their part to improve homework when they:

1. Cooperate with the school to make homework effective.
2. Provide your children with suitable study conditions (desk or table, lights, books and supplies).
3. Reserve a time for homework and turn off the television.
4. Encourage your children but avoid undue pressure.
5. Show interest in what your children are doing but do not do the work for them.
6. Understand the school expects homework to be completed and returned.

Children will improve their study habits by observing the following:

1. Be sure you understand each assignment.
2. Form the habit of using a certain time and place for study.
3. Provide study conditions including good lighting, ventilation, and little noise.
4. Have necessary materials at hand.
5. Try to develop the skill of working independently.
6. Spend enough, but not too much time on each subject.

Promotion and Retention

Recommendation for promotion and retention of the student is the responsibility of the classroom teacher and the building principal. Communication about the student's progress should be communicated to the parents throughout the year. All retentions must be approved by the building principal.

Activities

If your child is to participate in after school activities, and will not walk home or go on the bus as usual, please send a note to the teacher. The note should include where your child is going after school, so that your child knows what he/she is expected to do. If your child rides a bus, a note must be sent to the bus driver stating your child's expected plans. If the teacher does not receive a written note giving permission for a change of plans, your child will be sent home on the bus or walk as usual.

Field trips are designed to support the curriculum. Each child must have a signed permission slip from his/her parent or guardian. Children are expected to follow general rules as outlined by the teacher. Inappropriate behavior can result in exclusion from field trips.

Citizenship

It is each student's responsibility to display qualities of good citizenship. Your best conduct is expected in the halls, in the cafeteria, on the playground, in the classroom, or outside school grounds. The M.S.D. of Martinsville Schools want students to become good citizens. Staff members will give special emphasis to honesty, morality, and courtesy. Obedience to law, respect of our country's flag, appreciation of the constitution of the United States, respect for parents and home, and recognition of the dignity and necessity of honest labor are characteristics desired and expected of all students. The United States flag shall be displayed in each classroom of every school in the district. Students will recite the pledge and there will be a moment of silence in each classroom each day.

Curriculum

The MSD of Martinsville Elementary Schools' curriculum focuses on Indiana State Standards and benchmark and grade level expectations. It is clearly defined what every student should know and should be able to do. The teachers incorporate different strategies and learning styles to enable our students to meet the minimum state standards. We go beyond the state requirements. Our goal is to produce bright, high-achieving students whose self-esteem and confidence are built upon authentic academic success. Our goal as a staff is for every student to reach and exceed their potential. It is the responsibility of the student to take advantage of the learning opportunities provided to them. The extent to which our students succeed is directly related to the extent of their parent's support. The parent's active participation in the education of the child is welcomed and strongly encouraged.

MSD of Martinsville Curriculum Statement:

"A student shall not be required to participate in a personal analysis, an evaluation, or a survey that is not directly related to academic instruction and that reveals or attempts to affect the student's attitudes, habits, traits, opinions, beliefs, or feelings concerning:

- (1) political affiliations;
- (2) religious beliefs or practices;
- (3) mental or psychological conditions that may embarrass the student or the student's family;
- (4) sexual behavior or attitudes;
- (5) illegal, antisocial, self-incriminating, or demeaning behavior;
- (6) critical appraisals of other individuals with whom the student has a close family relationship;
- (7) legally recognized privileged or confidential relationships, including a relationship with a lawyer, minister, or physician; or..."

Reference: Indiana Code 20-30-5-17(b)

Discipline

Some behavior is more serious than other behavior and requires a different approach. Severe discipline concerns such as those listed below will be handled on an individual basis.

- Repeated disruption of instruction
- Fighting
- Stealing
- Repeated disrespect for others and/or property
- Profanity
- Threatening comments or behavior
- Bullying
- Drugs

Bullying is not permitted. Bullying is defined as "overt, repeated acts or gestures, including verbal or written communications transmitted; physical act committed; or any other behaviors committed by a student or group

of students against another student with the intent to harass, ridicule, humiliate, intimidate or harm the other student.”

When students choose an inappropriate behavior we will remind them of the rules and discuss why their behavior is inappropriate. If the inappropriate behavior continues we may ask the student to complete a behavior plan.

Discipline procedures that may be used to improve discipline problems include but are not limited to:

- Parent involvement
- Withdrawing privileges
- Detention
- Behavior contracts
- Activity restriction
- Removal from Class
- In-school suspension
- Out-of-school suspension
- Expulsion

Zero Tolerance

The Metropolitan School District of Martinsville has a Zero Tolerance Policy concerning students bringing weapons of any kind to school. Weapons would include guns, knives, or other instruments used to inflict harm. Any student possessing a weapon may face the consequences of being excluded from school for the remainder of the school year.

Sexual and Racial Harassment Policy

The MSD of Martinsville has adopted a sexual harassment policy and a racial harassment policy. It is the policy of the M.S.D. of Martinsville Schools to maintain a learning and working environment that is free from sexual harassment. It shall be a violation of this policy for any employee of M.S.D. of Martinsville to harass any student, teacher, other school employee or visitor through conduct or communication of a sexual nature. It shall also be a violation of this policy for a student to harass any student, teacher, other school employee or visitor through conduct or communication of a sexual nature. The use of the term “employee” also includes non-employees and volunteers who work subject to the control of school authorities. A complete copy of the sexual harassment and racial harassment policies are located in each school office.

FOOD SERVICE & NUTRITION

We are proud to have a self-operated school kitchen in all of our elementary schools that offer breakfast and lunch as part of the USDA National School Lunch Program. All students reporting at our normal start time will have the opportunity to participate in free breakfast. Students will be assigned a lunchroom time where they will have the option to purchase lunch from our school kitchen or carry lunch in from home.

All student purchases and deposits are recorded individually and can be monitored by parents via Family Access. Parents are encouraged to prepay for purchases by sending funds to school in an envelope with the student’s name and the amount of the deposit written on the outside of the envelope or by using our secure parent portal. Each student will be assigned an individual PIN or use a lunch ID card to access their meal account when they proceed through the line. Funds are kept in individual meal accounts for each student and only accessible by the student they are deposited for. Parents will be notified when the account becomes low via School Messenger.

We understand that unforeseen circumstances may cause an account to go temporarily in the “red.” Should this occur, the district policy 8500 will be followed. Students will not be allowed to charge ala carte items including milk. Our full Pre-Paid Meal Account Procedure/Charge Policy can be found at www.artiescafe.org or by contacting the Food Service Office.

Please visit www.artiescafe.org for updated meal pricing. Additionally, ala carte purchasing restrictions can be placed on your students account by contacting Food Services.

If you feel your **family will qualify for free/reduced priced meal benefits** you are **encouraged to complete an Assistance Application** form. Meal Assistance forms can be completed in Skyward Family Access or paper forms are available throughout the school year in the office. Should you have any questions regarding your application, or your meal account, you may reach the Food Service Department at [765-349-4452](tel:765-349-4452).

Menus are available on the Food Service website at artiescafe.org at the beginning of each month. Students may bring their lunch but we discourage “fast food” and soda. In order to provide a safe learning environment, we do not allow visitors and guests to eat lunch with their child.

TECHNOLOGY

Responsibilities

- Treat this equipment with as much care as if it were your own property.
- Keep the Device in your classroom or with you at all times.
- Avoid use in situations that are conducive to loss or damage. Do not let anyone use the Device other than your teacher or MSD of Martinsville personnel.
- Adhere to MSD Martinsville’s Device Use Policy at all times and in all locations. When in doubt about acceptable use, ask school personnel.
- Back up your student created documents using cloud storage. You are encouraged to save your files in more than one location. MSD Martinsville is not responsible for any lost files.
- Read and follow general maintenance alerts from school technology personnel.
- Promptly report any problems to your current teacher so a technical damage report can be made.
- Do not force anything that does not fit (e.g., connections, popped-off keys, etc.). Seek help instead.
- When in doubt, ask for help.

General Care

- Do not attempt to remove or change the physical structure of the Device including the keys, screen, or plastic casing. Doing so will void the warranty and result in loss of privilege of using a school issued Device.
- Do not remove or interfere with the serial number or any identification label placed on the Device.
- Do not do anything to the Device that will permanently alter it in any way, including writing on it for identification purposes, etc.
- Keep the equipment clean.
- Be careful when holding or carrying the Device so as not to damage the screen or other components.

Screen Care

- The Device screen can be easily damaged if proper care is not taken. Broken screens are NOT covered by warranty and are very expensive to replace. Screens are particularly sensitive to damage from excessive pressure.
- Do not clean the Device screen with anything other than approved screen cleaners.
- Clean the screen with a soft, dry, anti-static cloth or with a screen cleaner designed specifically for LCD type screens only.

Battery Life and Charging

- Make sure your Device is attached to its designated charger in your team time room each day before you leave school.
- When not in use, place the Device in sleep mode in order to save battery life.

Personal Health and Safety

- Avoid extended use of the Device resting directly on your lap. The bottom of the Device can generate significant heat and therefore cause temporary or permanent injury. Use a barrier—such as a book or devices made specifically for this purpose—when working on your lap. Also, avoid lap-based computing while connected to the power adapter as this will significantly increase heat production.
- Avoid lengthy use involving repetitive tasks (such as typing and use of the track pad). Take frequent breaks as well as alter your physical position (typing while standing, sitting, leaning, etc.) to minimize discomfort.
- Read the safety warnings included in the Device user guide posted online.

Google Suite for Education Online Resource Opt Out Form

Dear Parents/Guardians,

In order for schools within the MSD of Martinsville School District to continue to be able to provide your student(s) with the most effective web-based tools and applications for learning, our district utilizes several computer software applications and web-based services, operated not by this district, but by third parties that use information from Google Suite for Education and related apps. As with any educational undertaking, a strong partnership with families is essential to a successful experience. In order for our students to use these programs and services, certain personal identifying information—generally the student's name and email address—must be provided to the web site operator.

Under federal law entitled the Children's Online Privacy Protection Act (COPPA) these websites must provide parental notification and obtain parental consent before collecting personal information from children under the age of 13. The law permits school districts such as ours to consent to the collection of personal information on behalf of all of its students, thereby eliminating the need for individual parental consent given directly to the web site operator.

Using these online tools, students collaboratively create, edit, and share files and websites for school-related projects and communicate via email with other students and teachers. These services are entirely online and available 24/7 from any Internet-connected computer. Examples of student use include showcasing class projects, building an electronic portfolio of school learning experiences, and working in small groups on presentations to share with others.

Below are some links to the sites that govern the districts privacy measures as they pertain to your child's information:

Child Internet Protection Act (CIPA)

The school is required by CIPA to have technology measures and policies in place that protect students from harmful materials including those that are obscene and pornographic.

CIPA <http://fcc.gov/cgb/consumerfacts/cipa.html>

Children's Online Privacy Protection Act (COPPA)

COPPA applies to commercial companies and limits their ability to collect personal information from children under 13. By default, advertising is turned off for MSD of Martinsville school District's presence in Google Suite for Education. No personal student information is collected for commercial purposes. The school's use of student information is solely for education purposes. --COPPA – <http://www.ftc.gov/privacy/coppafaqs.shtm>

Family Educational Rights and Privacy Act (FERPA)

FERPA protects the privacy of student education records and gives parents the rights to review student records. Under FERPA, schools may disclose directory information but parents may request the school not disclose this information. Parents are provided the opportunity annually to opt out of disclosing their student's directory information on the District's Enrollment Form. --FERPA – <http://www.ed.gov/policy/gen/guid/fpco/ferpa>

Guidelines for the responsible use of Google Suite for Education and other online resources by students

1. Prohibited Conduct: Please refer to the MSD of Martinsville Acceptable Use Policy for your Student/s
2. Access Restriction: Access to and use of student email is considered a privilege accorded at the discretion of the MSD of Martinsville School District. The District maintains the right to immediately withdraw the access and use of these services including email when there is reason to believe that violations of law or District policies have occurred. In such cases, the alleged violation will be referred to a building or District Administrator for further investigation and disciplinary action.
3. Security: The School District cannot and does not guarantee the security of electronic files located on Google systems. Although Google does have a powerful content filter in place for email, the District cannot assure that users will not be exposed to unsolicited information.
4. Privacy: The general right of privacy will be extended to the extent possible in the electronic environment. MSD of Martinsville School District and all electronic users should treat electronically stored information in individuals' files as confidential and private. However, users of student email are strictly prohibited from accessing files and information other than their own. The District reserves the right to access the Google systems, including current and archival files of user accounts when there is reasonable suspicion that unacceptable use has occurred.

I confirm that I have read and understand the following: If you DO NOT want your student to access Google Suite or any other third party online resources that utilize information from Google Suite for Education (name and email address), please complete, sign, and return this form to your child's school. If, at any time during the

school year, you would like to rescind your decision and change your permission, you must let the school know in writing.

OPT OUT FORM

I DO NOT want my student to be allowed access to apps that use information provided from Google Suite for Education.

Student Name: (Print) _____

Grade: _____

Parent/Guardian Signature: _____

Date: _____

Please complete ONE form for EACH student in K- 12th grade you would like to OPT OUT of Google Apps or other online resources. Please return to your children(s) school with all other registration material.

MSD of MARTINSVILLE PESTICIDE NOTIFICATION REGISTRY

To: Parents, Guardians, and School Staff

From: MSD of Martinsville

Subject: Pesticide Application Registry Notice

Date: 2026-2027 School Year

The MSD of Martinsville School Corporation practices integrated pest management, a program which combines preventive techniques, non-chemical pest control methods, and the appropriate use of pesticides with a preference for products that are the least harmful to human health and the environment. Applications of pesticides are made only when deemed necessary to control a pest problem and after trying other means to control the problem. The term "pesticide" includes insecticides, herbicides, rodenticides, and fungicides.

We are establishing a registry of persons who wish to be notified 48 hours prior to pesticide applications. To be included in this registry, please complete the attached form and return it to your child's school.

Please include me in the notification registry. I understand that if there is an immediate threat to health or property that requires treatment before notification can be sent out, I will receive notification as soon as it is practical.

Parent/Guardian/Staff Name: _____

AHERA ANNUAL NOTICE

M.S.D. of MARTINSVILLE

This information is being published to comply with the requirements of 40 CFR 763 Subpart E Asbestos Containing Materials in Schools. This regulation, commonly known as the "AHERA" rule, requires local education agencies, such as this one, to perform certain tasks regarding the presence and control of asbestos containing materials in the buildings under the jurisdiction of the local education agency.

These include but are not limited to:

1. Developing an asbestos management plan which is designed to outline procedures and guidelines for the initial inspection, triennial re-inspection, and 6-month Periodic Surveillance of asbestos-containing materials that are present in the buildings.
2. Provide awareness training and additional training to selected school employees.
3. Periodically notify all workers and occupants, or their local guardians, parent teacher organizations, and collective bargaining organizations of the availability of asbestos management plans, the location of same and the times that the plans may be reviewed.

This notification is to advise all patrons, occupants, or their legal guardians, collective bargaining organizations, and parent-teacher organizations, that the asbestos management plans required under this act are available for review upon request. The plans can be viewed by any person during normal business hours of the school. Interested parties wishing to inquire about the plans should contact the individual school office. Master copies of the plans for all buildings under the jurisdiction of this local education agency are available in the Maintenance Building, which is located at 840 South Ohio Street, Martinsville, Indiana 46151; telephone number (765) 342-7896. Inquiries regarding any facet of the regulation or the management plans should be directed to Mr. Kyle Stout at the above telephone number during regular business hours.

The M.S.D. of Martinsville school facilities and buildings which contain asbestos-containing materials (ACMs) and must comply with the 40 CFR 763 Subpart E (AHERA) regulations include:

Martinsville High School; John R. Wooden Middle School, Bell Intermediate Academy; Centerton, Green Township, Paragon, and Poston Road Elementary Schools; Brooklyn STEM Academy; Central Education Center; Cross School; Smith Fine Arts Academy; Transportation Facility; Maintenance Building

Listed is a brief description of asbestos projects currently ongoing and completed at our facilities this past school year, as well as activities currently scheduled for the 2026/2027 school year. Detailed reports of each activity will become a part of each school's asbestos management plan and may be reviewed online.

- * The next required triennial re-inspection will be completed in June 2026
- * The required six-month periodic surveillance was conducted in June 2026.
- * The required six-month periodic surveillances are scheduled for June and December each year.
- * Projects scheduled for 2026/2027:

School facilities and buildings that are asbestos free and require no AHERA surveillance or re-inspections are listed below. NESHAP asbestos inspections may be necessary prior to renovation or demolition in these buildings: **South Elementary School, the dugouts, concession stands, outbuildings, press boxes, and ticket booths.**

Buildings that are no longer owned by M.S.D of Martinsville: **Hammons Alternative School, North Elementary School and the Administration Building**

TITLE I SERVICES

Revised February 2025

MSD of Martinsville Title I Parent Involvement Policy*

The Title I Programs of the MSD of Martinsville are committed to building a strong parent-school partnership by following parental policy guidelines in accordance with the *Elementary and Secondary Education Act* as listed below:

Parent Involvement Policy Requirements

Through the use of written correspondence, conferences, surveys, meetings, and/or phone calls, each MSD of Martinsville Title I school pledges to:

- A) Invite all parents to an annual meeting held at a convenient time, normally at each school's beginning of year Open House. The purpose of this meeting is to inform parents of the school's participation in Title I, Part A, and to explain the requirements of the program and the rights of parents. Title I parent policies, the Parent's Right-to-Know letter, and the School-Parent Compact will be distributed at the annual meeting, along with information about Indiana Academic Standards and the school's curriculum and assessments in use. Parents who cannot attend the annual meeting will receive the above information through classroom and/or digital distribution. The information is also available on each school's website.
- B) Involve parents in the joint development of its district-wide parental involvement policy and the process of school review and improvement.
- C) Employ a Title I K-6 Coordinator to provide the coordination, technical assistance, and other support necessary to assist participating schools in planning and implementing effective parent involvement activities in order to improve student academic achievement and school performance.
- D) Build the school and parents' capacity for strong parental involvement through:
 - 1. Parent-teacher conferences and periodic written reports, which provide assistance to parents of children in understanding such topics as student academic achievement standards, how to monitor a child's progress, and how to work with educators to improve the achievement of their children.
 - 2. Assistance from the Title I K-6 Coordinator, parents (as appropriate), and/or Family Service Coordinators to provide families with materials and training as they work with their children to improve their children's achievement. Such materials and training may include workshops on literacy development, use of technology in education, etc.
 - 3. In-services, book studies, surveys, and workshops to educate educators with the assistance of parents, in the value and utility of contributions of parents. This includes:
 - How to reach out to, communicate with, and work with parents as equal partners
 - How to implement and coordinate parent programs
 - How to build ties between parents and the school.
- E) Coordinate and integrate parental involvement strategies under Title I with strategies under other programs such as Headstart PreK.
- F) Conduct, with the involvement of parents, an annual evaluation of the content and

effectiveness of the parental involvement policy in improving the academic quality of the schools served under this part. This includes identifying barriers to parental participation in activities (with particular attention to parents who are economically disadvantaged, are disabled, have limited English proficiency, have limited literacy, or are of any racial or ethnic minority background) and use the findings of such evaluation to revise parental involvement policies and design strategies for more effective parental involvement.

- G) Invite parents to be involved in the activities of Title I schools.
- H) Provide opportunities for flexible meeting times (mornings, afternoons, and/or evenings) in order to allow parents the opportunity to attend meetings/conferences, formulate suggestions, review and distribute parent policies and the School-Parent Compact, share experiences with other parents, and participate in decisions relating to the education of their children.
- I) Provide full opportunities (to the extent practical) and other reasonable support for the participation of parents with limited English proficiency, parents with disabilities, and parents of migratory children. This may include providing information and school reports required by the *Elementary and Secondary Education Act* (ESEA) in an understandable and uniform format with alternative formats in a language parents understand upon request.

If the Metropolitan School District of Martinsville's Title I Parent Involvement Policy is not satisfactory to the parents of participating children, the school district will submit parent comments with the plan when it submits the plan to the Indiana Department of Education.

*If the above information is needed in another language, please contact the classroom teacher or the school for assistance.

Title I Complaint Policy & Procedures

Background

The Metropolitan School District of Martinsville recognizes that from time to time individuals may question the operation of supplemental programs and welcomes constructive suggestions for improvement. The Title I program functions at the elementary schools where there is a sufficient population of students to warrant services as established by guidelines from the Indiana Department of Education.

Individuals who wish to raise questions or concerns regarding the MSD of Martinsville Title I program may do so by contacting the building principal and following the procedural steps detailed below for filing a formal complaint.

Complaint Procedures

A Title I Conference procedure has been established in order to develop lines of communication for the Title I programs within the MSD of Martinsville at all grade levels when a Title I grievance occurs. This process is

similar to the Program Change Process Outline in the Organizing for Instruction model since all instructional programs have been adapted to this process.

A Title I Conference shall be requested by either the parent/guardian, Title I staff, classroom teacher, and/or building principal. The currently established format of the Program Deficiency Conference shall be utilized for documentation at the building level. Any unresolved issue or issues which could affect or impact the entire school corporation, or be in violation of the Title I program as stated in the application of the current year, will be referred to the MSD of Martinsville Administration for further deliberation and/or action.

As indicated on the application and regulations open for public inspection, those students who display the most severe deficiencies will receive priority services from Title I staff; however, other corporation staff may, if time allows, provide remedial instruction and/or instructional services to recommended students.

A resolution will be made in writing within twenty (20) school days to all persons in attendance at a Title I Conference after a grievance has been submitted.

The following complaint form must be submitted at the Title I Conference:

Title I Complaint Form

Name of Student _____

School _____

Grade _____

Person Filing Complaint _____

Relationship to Student _____

Comments (fill in as applicable)

Parent or Guardian Statement:

Title I Staff and/or Classroom Teacher Statement:

Principal Statement:

Results:

____ This complaint was resolved as a result of the Title I Conference.

____ This complaint was not resolved as a result of the Title I Conference and the following action(s) will occur:

*Complaints unresolved at the building level will be reviewed by the Title I Coordinator and/or

Assistant Superintendent of Instruction. If still unresolved, a meeting with the Superintendent of Schools may be necessary.

Signatures:

Parent/Guardian(s) _____ Date: _____

Classroom Teacher _____ Date: _____

Title I Staff _____ Date: _____

Principal _____ Date: _____

Steps to locating Indiana Academic “College and Career Readiness” Standards on the web:

- 1) Go to www.doe.in.gov
- 2) Click on “academic standards”
- 3) Scroll down and click on the specific subject you would like standards for (English, Math, Science, Social Studies, etc.) underneath the heading “Indiana Academic Standards and Resources”
- 4) Scroll down, underneath the heading “____(subject)____ Standards” find the correct grade level, and click in the corresponding pdf. This will open a pdf document for the Indiana Academic Standards of the subject and grade level you selected.

*To search for a different grade level/subject: hit the back button once to select a different grade level or twice to select a different subject area.
